

Dr. Willardean Dula is a product of Howard University Dental School in Washington, DC. She practiced in Detroit, Michigan for several years. There she was recognized by the Michigan Senate as the first Black woman dentist to open a general practice in Detroit. She also received various recognition awards from Coleman A. Young, Delta Sigma Theta Sorority, and the Wolverine Dental Society.

Her return to Winston Salem in 1996 has given her the chance to appreciate home and its native aesthetic qualities. Therefore, it was befitting that she accept the appointment to the CAC.
