

**Winston-Salem Urban Area Metropolitan Planning Organization
Transportation Advisory Committee
Action Request**

Meeting Date: March 16, 2017 **Agenda Item Number:** 8

Action Requested: Review of additions, deletions, amendments and modifications to the Winston-Salem Urban Area Fiscal Year 2016-2025 Metropolitan Transportation Improvement Program (MTIP) to match the State Transportation Improvement Program (STIP)

SUMMARY OF INFORMATION: **Attachments:** Yes X No

The Fiscal Year 2016-2025 Metropolitan Transportation Improvement Program (MTIP) is a comprehensive listing of all transportation projects programmed for the Winston-Salem Urban Area and must be a subset of the Winston-Salem Urban Area 2040 Metropolitan Transportation Plan Update (MTP) and match the FY 2016-2025 State Transportation Improvement Program (STIP). The 2040 MTP Update, the Air Quality Conformity Determination Report (AQCDR) and the FY 2016-2025 MTIP were adopted by the TAC on September 17, 2015.

The North Carolina Department of Transportation (NCDOT) regularly updates the STIP to include new projects and modify existing projects. Any STIP amendment for new statewide projects or projects within the Winston-Salem Urban Area MPO, triggers the amendment of the MTIP. STIP amendments for regionally significant projects that have significant project revisions, cross the Federal Highway Administration (FHWA) 4-year funding period or modeling horizon years require an AQCDR. Modifications to the STIP do not require adoption but are provided for information.

The attached document describes the amendments and modifications to the Winston-Salem Urban Area FY 2016-2025 MTIP.

As required by the MPO's Public Participation Policy, the amendments to the FY 2016-2025 MTIP will be available for public review and comment for at least thirty (30) days. All comments and responses will be presented during the May 2017 TAC meeting.
