IV. Additional Information on Continuum of Care
According to the National Alliance to End Homelessness, a Continuum of Care (CoC) is a regional or local planning body that coordinates housing and services funding for homeless families and individuals. HUD states that a CoC also is “a community plan to organize and deliver housing and services to meet the specific needs of people who are homeless as they move to stable housing and maximize self-sufficiency.” Each community’s system should at a minimum encompass (1) Outreach, engagement, and assessment, (2) shelter, housing, and supportive services and (3) homelessness prevention strategies.

The Continuum of Care is a key element of communities’ efforts to end chronic homelessness in their communities. Information on Continuum of Care planning, programs and competitive grants process may be found at [https://www.hudexchange.info/coc/](https://www.hudexchange.info/coc/). Continuum of Care programs currently are funded under the McKinney-Vento Act, which was reauthorized in 2009 under the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act. More information on the HEARTH Act is found at [https://www.hudexchange.info/homelessness-assistance/hearth-act/](https://www.hudexchange.info/homelessness-assistance/hearth-act/). Information on Homeless Management Information Systems may be found at [https://www.hudexchange.info/hmis](https://www.hudexchange.info/hmis).

Continuum of Care planning is an element of the Consolidated Housing and Community Development Plan, which also is found at [http://www.cityofws.org/Departments/Community-Development/Planning/Reports](http://www.cityofws.org/Departments/Community-Development/Planning/Reports).
