MINUTES
WINSTON-SALEM URBAN AREA
TRANSPORTATION ADVISORY COMMITTEE (TAC)
FEBRUARY 21, 2019
4:15 P.M
FIFTH FLOOR, PUBLIC MEETING ROOM,
BRYCE A. STUART MUNICIPAL BUILDING

MEMBERS PRESENT:

Dan Besse, Council Member, City of Winston-Salem, Vice Chairman
Robert Clark, Council Member, City of Winston-Salem, Alternate
Jeff McIntosh, Council Member, City of Winston-Salem, Alternate
Fleming El-Amin, Commissioner, Forsyth County
John Wait, Mayor, Village of Clemmons
Mike Horn, Mayor, Town of Lewisville
Randy Mendenhall, Council Member, Town of Walkertown
Jenny Fulton, Alderman, Town of Kernersville
Benita Finney, Commissioner, Davie County
Allen Todd, Mayor, Town of Wallburg
John Byrum, Mayor, Town of Midway
Zak Crotts, Commissioner, Davidson County
Willie Clark, Member, WSTA Board of Directors
Mike Wells, Member, Board of Transportation

PRESIDING:  Mayor Larry Williams, Town of Rural Hall, Chairman

STAFF PRESENT:

Richard Jones, Davidson County
Joe Geigle, FHWA
Phillip Craver, NCDOT
Fred Haith, NCDOT
Andy Bailey, NCDOT
Scott Rhine, PART
Margaret Bessette, CCPB
Cary Gentry, FCOEAP
Jordan Payne, FCOEAP
Paul Martin, FCOEAP
Tom Hillis, FCOEAP
Andrea Keyser, Winston-Salem Engineering
Robert Prestwood, Winston-Salem Engineering
Toneq’ McCullough, WSDOT
Jeff Fansler, WSDOT
J. Hank Graham, WSDOT
RECORDING SECRETARY: Laura Whitaker, WSDOT

OTHERS:
Jayson Clapp, PE, Ramey Kemp & Associates

Chairman Larry Williams introduced Willie Clark, the new WSTA representative.

Chairman Larry Williams read the Ethics Awareness and Conflict of Interest Statement.

1. **Citizen Comments**

No one present.

**Action Items**

2. **Consideration of the January 17, 2019 TAC Meeting Minutes**

Presented by Chairman Larry Williams.

MOTION: Dan Besse moved approval of the minutes.
SECOND: Allen Todd
VOTE:
   FOR: Unanimous
   AGAINST: None

3. **Consideration of Amendments and Modifications to the Fiscal Year 2018-2027 Metropolitan Transportation Improvement Program (MTIP)**

Presented by Byron Brown.

- The Fiscal Year (FY) 2018-2027 Metropolitan Transportation Improvement Program (MTIP) is a comprehensive list of all transportation projects programmed for the Winston-Salem Urban Area and must be a subset of the Winston-Salem Urban Area 2040 Metropolitan Transportation Plan (MTP) and match Winston-Salem Urban Area MPO projects in the FY 2018-2027 State Transportation Improvement Program (STIP).
- The 2040 MTP and the Air Quality Conformity Determination Report (AQCDR) were adopted by the TAC on September 17, 2015. The FY 2018-2027 MTIP was adopted by the TAC on November 16, 2017.
The NCDOT regularly updates the STIP to include new projects and modify existing projects.

- Any STIP amendment for new statewide projects or projects within the Winston-Salem Urban Area Metropolitan Planning Organization (WSUAMPO) triggers the amendment of the MTIP. STIP amendments for regionally significant projects that have significant project revisions or cross the Federal Highway Administration (FHWA) 4-year funding period or modeling horizon years require an AQCDR.
- Modifications to the STIP do not require adoption but are provided for information.
- As required by the WSUAMPO’s Public Participation Policy, the amendments and modifications to the FY 2018-2027 MTIP were available for public review and comment for at least 30 days which occurred from December 12, 2018 through January 12, 2019.

MOTION: Fleming El-Amin moved approval.
SECOND: Allen Todd
VOTE:
FOR: Unanimous
AGAINST: None

Presented by Hank Graham.

- The federal Moving Ahead for Progress in the 21st Century Act (MAP-21) requires the NCDOT and all Metropolitan Planning Organizations (MPOs) in the state to annually certify to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) that their transportation planning processes are addressing the major issues of the urban area and are being conducted in accordance with all applicable provisions of federal law.
- To guide this self-certification process, NCDOT has provided a checklist.
- Staff has reviewed the checklist and provided a response to each of the items.
- Staff believes the Winston-Salem Urban Area MPO transportation planning process is adequately addressing the major issues of the urban area and is being conducted in accordance with all applicable provisions of federal law governing transportation planning.
- In the fall of 2016, the FHWA and FTA conducted a formal review of the Winston-Salem Urban Area MPO’s transportation planning process, and found that the process is being carried out in substantial compliance.

Chairman Williams suggested that the TAC adopt the City of Winston-Salem’s DBE policy as the MPO can answer “yes” to question 9.d. in the checklist.

MOTION: Robert Clark moved approval.
SECOND: Dan Besse
VOTE:
FOR: Unanimous
AGAINST: None

5. Consideration of Resolution of Support for the Piedmont Legacy Trails Initiative

Presented by Matthew Burczyk.

- The Piedmont Legacy Trails Initiative is a regional collaboration led by the Piedmont Triad Regional Council and the Piedmont Land Conservancy to establish a regional network of connected bicycle and pedestrian trails.
- The 12-county region represented by the Piedmont Legacy Trails Initiative includes the entire Winston-Salem Urban Area MPO.
- The Piedmont Legacy Trails Initiative includes a steering committee representing agencies from across the 12-county region, which meets on a regular basis to share information about projects and coordinate accordingly.
- The Piedmont Legacy Trails Initiative recognizes the benefits that a well-connected regional trail system can provide, including health, quality of life, a strong, diverse economy, and a healthy environment and is working with member jurisdictions to bring those benefits to the region.
- The resolution of support for the Piedmont Legacy Trails Initiative requires no financial commitment from the MPO or member jurisdictions.

MOTION: Dan Besse moved approval.
SECOND: Allen Todd
VOTE:
FOR: Unanimous
AGAINST: None

Consideration of Resolution of Support designating US 52 from I-40 to the Winston-Salem Northern Beltway, Western Loop as Future I-285

Presented by Byron Brown.

- In accordance with the Strategic Transportation Investments (STI) law, projects classified on an interstate or primary route are eligible for Statewide Mobility and/or Regional Impact funding as specified in G.S. §136-189.10 (1) and (2).
- Any designation as a future interstate or primary route must be approved by the State Traffic Engineer in accordance with the North Carolina Administration Code (NCAC) 19A:02B.0104 (b). Future interstate designations also require approval from Federal Highway Administration (FHWA) and the American Association of State Highway and Transportation Officials (AASHTO), unless specifically approved by Congress.
- AASHTO reviews future interstate designations at their spring and fall meetings; therefore, for consideration as a future interstate route for NCDOTs Prioritization 6.0 process (P6.0), AASHTO must approve the designation no later than their meeting in Fall 2019.
- State Transportation Improvement Program (STIP) Project U-2826 was initially developed to provide improvements for the safety and capacity on US 52 through Winston-Salem.

- This project include four components, three of which have already been completed:
  - U-2826 A - Liberty St. bridge replacements – Complete
  - U-2826 B - Split diamond consolidation Salem Parkway and Martin Luther King, Jr. Boulevard. – Complete
  - U-2826 C - Upgrade US 52 from I-40 to Winston-Salem Northern Beltway to interstate standards
  - U-2925 - Salem Creek Connector – Complete

- U-2826 C is included in the Developmental Years of the 2018-2027 STIP and thus will be re-evaluated during the P6.0 development process.

- Based on the P5.0 scores this project received, it is not anticipated that this project would score well enough to be included in the 2020-2029 STIP.

- As we look at P6.0, this project could benefit from the “Future Interstate Completion Factor” (FICF) if the corridor is approved by FHWA as Future I-285. Without this official designation, the FICF cannot be applied to this project; thus, resulting in a lower quantitative score.

- If supported by the TAC, a resolution of support will be provided to the NCDOT Division 9 Office to aid in efforts to have this roadway designated as Future I-285.

A discussion ensued related to the labeling of I-285 on maps.

MOTION: Fleming El-Amin moved approval.
SECOND: Allen Todd
VOTE:
  FOR: Unanimous
  AGAINST: None

6. Consideration of a Resolution Approving the Programming of Available Fiscal Year 2017-2018 Congestion Mitigation and Air Quality (CMAQ) Funds for Candidate Projects in the Winston-Salem Urban Area Metropolitan Planning Organization

Presented by Kelly Garvin.

- Kelly Garvin distributed a corrected action request form, resolution and funding chart.
- Congestion Mitigation & Air Quality (CMAQ) is a federal program that funds transportation projects and programs in air quality nonattainment and maintenance areas to help achieve and maintain national standards for air quality pollutants.
- In North Carolina, the NCDOT serves as the administrator for this program.
- Funding is apportioned to North Carolina based on the population in non-attainment and maintenance areas of the state and the severity of air quality problem.
- On July 19, 2018, the Transportation Advisory Committee (TAC) approved the swap of CMAQ funds for Surface Transportation Program – Direct Attributable (STP-DA) funds.
- As a result, $2,939,082 of CMAQ money was made available to be applied to eligible projects in the Winston-Salem Urban Area Metropolitan Planning Area.
CMAQ funds represent 80% of a project’s total cost.

The remaining 20% is the responsibility of the locality.

Because these funds are from FY 2016 and FY 2017, they are subject to rescission in September of 2019 and therefore must be obligated before this date.

Two candidate projects were submitted for funding consideration.

The Piedmont Authority for Regional Transportation (PART) requested $2,939,082 for bus acquisition.

The City of Winston-Salem requested $2,900,000 for Meadowlark Drive road widening and Bicycle and Pedestrian improvements.

The Forsyth County Office of Environmental Assistance & Protection (FCOEAP) evaluated each project to determine the annual pollutant reduction in kilograms.

The FCOEAP uses series of computer models that estimate the average emissions for different types of highway vehicles.

The vehicle emission factors, projected number of vehicles a project will remove from the network, and dynamics are used to determine the annual emissions reduction.

The projects are projected to yield an annual reduction in pollution ranging from 127.75 to 20976.2 kilograms.

The TCC forwarded the item with no recommendation.

Robert Clark stated that he was representing Mayor Joines and after discussing the item, recommends that both projects should split the CMAQ funds.

Dan Besse stated that both projects were worthy of the funds and splitting funds will allow both projects to move forward.

MOTION: Robert Clark made a motion to split funds between both projects.
SECOND: Dan Besse
VOTE:
FOR: Unanimous
AGAINST: None

Information Items for Future Action

Presented by Hank Graham.

- Each year the Winston-Salem Urban Area Metropolitan Planning Organization (MPO) is required to develop and approve a Unified Planning Work Program (UPWP) for transportation planning.
- The UPWP identifies what transportation planning projects and work tasks will be completed during the fiscal year and the estimated amount of Federal and State highway and transit planning funds that will be used to complete the work, plus the required local funding matches.
- The UPWP consists of three (3) major parts:
1. Table 1, a Funding Sources Table;  
2. Table 2, a Narrative Task Table; and  
3. Table 6, a Five Year Planning Calendar for the MPO.  

- Tables 3, 4 and 5 contain supplemental funding information as required by NCDOT Public Transportation Division (PTD) for the use of Federal Transit Administration (FTA) Section 5303 transit planning funds.  
- The draft UPWP was submitted to NCDOT prior to January 30, 2019.  
- A final version will be presented for TAC consideration in March 2019 to be submitted to NCDOT before their deadline of March 30, 2019.  

Information Items  

8. **Draft 2020-2029 State Transportation Improvement Program (STIP)**  

Presented by Kelly Garvin.  

- The NCDOT's transportation plan – called the State Transportation Improvement Program (STIP) – identifies the construction funding and scheduling for transportation projects at the state level over a 10-year period.  
- Although federal law requires the plan to be updated every four years, the department proactively updates it every two years to ensure it accurately reflects the state's current financial situation.  
- The Strategic Transportation Investments law also mandates ongoing evaluation and improvement to ensure the process continues to be responsive to North Carolina's diverse needs.  
- This is accomplished through what is known as a "prioritization work group," which is primarily comprised of professional engineers and transportation planners.  
- The data-driven process to update the State Transportation Improvement Program for 2020-2029 – called strategic prioritization – began in fall 2017 when NCDOT and local planning organizations gathered public feedback on projects and later submitted projects to be evaluated – or scored – for the plan.  
- On January 10, 2019 NCDOT released the results of the “Division Level” Prioritization Process.  
- This includes projects at the Division Needs category that were eligible for inclusion in the draft of the 2020-2029 STIP.  
- On January 10, 2019, NCDOT also released the draft of the 2019-2029 STIP.  
- NCDOT will hold a public comment period this spring to seek input on the document.  
- The Board of Transportation is expected to approve the Final 2020-2029 State Transportation Improvement Program in the summer of 2019.  

Staff Reports (Presentation by Staff at Request of TAC Only)  

9. **MPO Staff Reports**  

a. **NCDOT Division 9 Transportation Projects Update**
• Fred Haith distributed a Winston-Salem MPO Transportation Update.

  b. NCDOT Transportation Planning Update

No questions for staff.

  c. Piedmont Triad Regional Council of Governments Update

No questions for staff.

  d. Forsyth County OEAP Air Quality Update

No questions for staff.

  e. Bicycle and Pedestrian Facilities Projects Update

No questions for staff.

  f. Winston-Salem Transit Authority (WSTA) Update

No questions for staff.

  g. Piedmont Authority for Regional Transportation (PART) Update

No questions for staff.

  h. Davidson County Transportation

No questions for staff.

  i. Title VI Compliance Update

No questions for staff.

  j. MPO Calendar of Activities

Presented by Byron Brown.

• The Board of Transportation meeting will be held in Winston-Salem March 5 – 7, 2019

  k. Legislative Update

No questions for staff.
1. Ethics Liaison

Presented by Margaret Bessette.

- Thanked those who have completed applications.
- There have been log in issues, but please try again as system is up and running now.
- Previously submitted information is still online but submitter must confirm.

11. Next Meeting/Adjourn Meeting

Next TAC meeting will be March 21, 2019.

ADJOURNMENT 4:49 pm.
