

Retiree Benefits Overview 2021

Winston-Salem

Benefits Overview

About This Overview

The City of Winston-Salem offers a comprehensive suite of benefits to promote health and financial wellness for you and your family. This is a summary of the benefit choices that are available to you for the 2021 Plan Year.

The City's annual enrollment period for retirees is **Monday, October 5, 2020 through Monday, October 26, 2020**. You can make a medical election change, including the addition or removal of a dependent to your medical coverage, except when court-ordered.

You can view and make your 2021 medical election using our web enrollment site at <https://annualenrollment.cityofws.org>. If you do not have a computer or web access, you can complete the Retiree Benefits Enrollment/Change Form included in your information packet and return to Human Resources by **Monday, October 26, 2020** at the address listed on the form; it must be postmarked no later than **Monday, October 26, 2020**. Please remember to include required documentation if you are adding a dependent for the first time.

All benefit eligible retirees must complete annual enrollment. If you choose not to complete annual enrollment, your elections from the current year will not automatically rollover for 2021.

Qualified Life Events

Generally, you can only change your benefit elections during the annual enrollment period, unless you experience a qualifying life event (QLE) such as marriage, divorce, birth or adoption, or a change in your (or your spouse's) employment status that affects benefits eligibility. Human Resources must be notified within thirty (30) days of QLE. Refer to the Retiree Center website at <https://www.cityofws.org/721/Retiree-Center> for a Retiree Benefits Enrollment/Change Form.

Note: This overview describes the benefit plans and policies available to you as a retired City of Winston-Salem employee. The details of these plans are contained in the official plan documents, including some insurance contracts. This overview is not meant to contain all of the details that are included in your Member Guides or in your other employee benefit materials. If you have questions about the plans, or if there is a conflict between the information in this overview and the formal language of the plan, the formal wording in the plan documents will govern.

The benefits highlighted and described in this overview may be changed at any time and do not represent a contractual obligation—either implied or expressed—on the part of the City of Winston-Salem.

Highlights & Changes for 2021

- Blue Cross Blue Shield of North Carolina (BCBSNC) medical premiums for 2021 remain unchanged.
- Prescription copays for retail and mail-order remain unchanged. However, we are moving from a three tier prescription plan to a five tier prescription plan for retail medications and from a three tier to a four tier prescription plan for mail-order prescriptions. See the page 4 for details.
- All wellness requirements for the 2022 Plan Year must be met **between January 1, 2021 and September 30, 2021** to qualify for the \$50 monthly wellness premium discount and the \$0 copay on certain maintenance medications (value based pharmacy benefit). Anyone who does not complete all requirements will not receive the wellness discounts for the 2021 Plan Year.
- Retirees will still be allowed to enroll in either the Basic PPO or Basic Plus PPO regardless of their tobacco-use status. However, retirees signing up for the wellness program must complete biometric screening scheduled for **March 2021**. Retirees who test positive for tobacco-use must complete a City approved tobacco cessation program by **September 30, 2021** to continue eligibility for the \$50 monthly wellness premium discount and the \$0 copay for certain maintenance medications.
- COBRA dental rates will not increase.
- Our dental reimbursement plan for COBRA participants will continue be administered by Savers Administrative Services, Inc. (Savers Admin). You may use the dental provider of your choice; there is no dental network. Reimbursement claims can be submitted to Savers Admin by the participant or dental provider.
- **Note: If you do not qualify for the wellness program for the 2021 plan year and want to be in wellness for the 2022 Plan Year, you will be required to complete all wellness requirements in 2021.**

Medicare Advantage PPO Plan

Retirees and their spouses who become eligible for Medicare Part A & Part B due to age or disability, as defined under the Social Security Act, can enroll in the City's Medicare Advantage PPO Plan. The City will mail you an enrollment package two to three months prior to your 65th birthday.

Prescription Drug

Non-specialty prescriptions can be filled at a participating retail pharmacy (such as Walmart, CVS, Walgreens, and many others). Simply present your BCBSNC member ID card at the time you get your prescription filled; or you may have to pay a higher amount than the contracted cost. If you submit a manual claim you will only be reimbursed up to the contracted cost of a prescription.

For added savings, you can use AllianceRx Walgreens Prime Home Delivery, a mail order prescription program that allows you to receive a 90-day supply of maintenance medications (i.e. blood pressure, birth control, allergy, etc.) for the same cost as a 60-day supply. This discount is for mail-order prescriptions only and does not apply to prescriptions filled at a retail pharmacy.

Step Therapy allows prescriptions to be filled with an effective but more affordable medication. A more costly medication can be authorized if your physician deems the alternative medication is not effective in treating the condition. Prior authorization may be required.

If you have pharmacy or prescription questions, contact BCBSNC Customer Service at 1-877-275-9787. For questions regarding your mail-order prescriptions, please contact PrimeMail Member Services at 1-877-357-7463 or 1-888-211-9028

All specialty medications are distributed by AllianceRx Walgreens Prime Specialty Pharmacy (PSP). To begin service or to get additional information, call PSP at 1-877-627-6337.

Value Based Pharmacy Benefit

In addition to the \$50 monthly wellness premium discount, retirees who complete the wellness requirements will also be able to participate in the value based pharmacy benefit. This benefit allows you and your dependents who are covered by the City's medical insurance to receive certain maintenance medications at a \$0 copay. Case Management and Condition Care Management

Both the Case Management and Condition Care Programs offer a team of dedicated health care professionals – nurses, social workers, dietitians and others – who provide personal, one-on-one assistance. The goal of these programs is to help remove any barriers that may get in the way of members better managing their health. Case managers and condition care coaches work to:

- Make sure members understand their condition, treatment options and doctor's treatment plan
- Offer methods to improve day-to-day management of the condition or disease
- Provide resources to help members make well-informed decisions about health care
- Work with doctors and other health care professionals to assist in coordinating members' needs
- Help members connect to community resources that offer additional support

If you are identified by BCBSNC as a member who could benefit from this service, you will receive a call at the telephone number you provided when you enrolled in the medical plan. If you cannot be reached at that telephone number after several attempts, you will receive a letter from BCBSNC stating that an attempt was made to call you to invite you into the program. The letter will provide a phone number for you to return the call to engage in the program.

As part of the City of Winston-Salem's wellness program, if you are contacted by a BCBSNC case manager or condition care coach, either by telephone or by letter, you must participate in the program in order to continue to receive your \$50 monthly wellness premium discount and the value based drug benefit. It is not required that spouses and dependent children participate in order to continue to receive the wellness discounts although they are welcome to participate if contacted. You must participate between **January 1, 2021 and September 30, 2021** if contacted during this time period.
