

## Appendix C – Bicycle, Pedestrian and Multi-Use Path Facilities CTP Inventory and Recommendations

### Assumptions/Notes:

- **Local ID:** The following system is used to create a code for each recommended improvement: the first 2 letters of the MPO area is combined with '-BIKE' for bicycle, or '-PED' for pedestrian, followed by a 3-digit numerical code.
- **Facility/Route:** This is the name of the facility, which is often the name of the roadway on which the facility is located. Sometimes, there are multiple projects on the same roadway, in which case the Section information can be used to distinguish among those projects.
- **Section (To):** This identifies the termini of the study segment.
- **Section (From):** This identifies the termini of the study segment.
- **Status:** This indicates the long-range planning status of the facility: Existing, Needs Improvement, or Recommended. See Bicycle and Pedestrian Map definitions in Appendix B for more details.
- **Description:** Provides a more detailed description of the facility when needed.
- **Distance (mile):** This is the length of the facility in miles.
- **Jurisdiction:** This is the county in which the facility is located, and commonly the facility is designated in an adopted plan for that jurisdiction.

### Tables

The following section presents the tables for the bicycle, off-road pedestrian, multiuse path and non-highway grade separation study segments, in that order. The on-road pedestrian study segments are not presented in a table. Appendix J, Existing Transportation Plans, lists all of the local plans for bicycle, pedestrian (including sidewalks) and multiuse path facilities that can provide more details.

Locally-adopted plans have designated most of these proposed facilities. See those plans for more detailed descriptions.

ON-ROAD BICYCLE							
Local ID	Facility/Route	Section (From)	Section (To)	Status	Description	Dist. (mile)	Jurisdiction
<b>DAVIDSON COUNTY</b>							
WS-Bike-106		Hartman Rd	Enterprise Rd	Recommended	On-Road Bikeway Connector	2.2	Davidson
WS-Bike-107		Gumtree Rd	Midway School Rd	Recommended	On-Road Bikeway Connector	2.5	Davidson
WS-Bike-548		Friedburg Church Rd	N NC 150	Recommended	On-Road Bikeway Connector	1.8	Davidson
WS-Bike-549		Longmeadow Dr	N Barons Rd	Recommended	On-Road Bikeway Connector	0.1	Davidson
