

**Winston-Salem Urban Area Metropolitan Planning Organization  
Transportation Advisory Committee  
Action Request**

**Meeting Date:** January 18, 2022      **Agenda Item Number:** 7

**Action Requested:** Review of an Item to Program Additional Surface Transportation Block Grant Direct Attributable (STBG-DA) Funding for the Blue Heron Trail Project (EB-5958) in Bermuda Run.

**SUMMARY OF INFORMATION:**                      **Attachments:** Yes   X      No       

The Town of Bermuda Run wishes to construct the Blue Heron Trail, which includes the installation of approximately 5,500 linear feet of 10'-wide asphalt path connecting key destinations within the Town, including commercial and residential areas. Bermuda Run is requesting additional funding for the Blue Heron Trail Project because recent construction bids were higher than the project budget.

The TAC approved \$1,671,200 in STP-DA funds on May 17, 2018 for the Blue Heron Trail project. Recent construction bids, however, exceeded the project budget. As a result, the Town of Bermuda Run is requesting an additional \$1,283,196 in STBG-DA/STBG Flex funds. The total federal funding amount for the project will be \$2,954,396. The Town of Bermuda Run is committed to providing the required 20% local match, totaling \$738,599. The additional funding is available in the MPO's STBG-DA/STBG Flex reserve allocation, created to address situations involving project funding deficits.
