B. Project Overview

Please provide the following information.

APPROACH (7 POINTS)

B.1. Provide a concise description of the proposed project/program, indicating specifically how City funds will be used. Briefly, what are the goals/objectives of the project/program?

The Community Intake Center (CIC) is a collaborative project of the Winston-Salem/Forsyth County Continuum of Care (WSFC CoC). It was developed in 2012 by the WSFC CoC as part of its obligations to the Department of Housing and Urban Development's funding of the Continuum of Care for homeless services.

The CIC Director is a critical member of the CIC staff. This team member is responsible for ensuring all people being served by the homeless services system are able to connect to an access point (shelter or outreach services) in order to be assessed for supportive housing programs. The CIC Director is primarily responsible for managing the By-Name List (BNL) and the Not-BNL of people known to be homeless but who are not consenting to participate in services. The BNL and Not-BNL are the prioritization source for matching people experiencing homelessness to supportive services to assist them in obtaining housing.

The goal of the CIC is to connect the right level of resources to end their homelessness to people needing them based on their vulnerability and chronic homelessness status. The vision of this project is to provide a common system to help prioritize access to limited supportive housing resources including rapid re-housing, transitional housing, permanent supportive housing, and referrals to income-based housing for people who are homeless. It provides a no-wrong-door model for access to supportive housing.

The CIC is based on a philosophy of progressive engagement which seeks to find the least intensive intervention to assist people experiencing homelessness move back into permanent housing. In addition, the CIC supports the philosophy of Housing First, meaning that for people experiencing homelessness, housing is the first, most important intervention although not necessarily the only intervention necessary to support someone transitioning out of homelessness.

Priorities the CIC uses for matching people to supportive housing services include:

1. Chronically Homeless and Highly Vulnerable: individuals/families must meet the definition of "chronically homeless" and/or highly vulnerable as determined by using the defined vulnerability index, within this category, priority will be determined by vulnerability score.
2. Unaccompanied Youth under the age of 25 or families with school-age children and youth (not chronically homeless or highly vulnerable) currently in their custody.
3. Individuals/heads of households (HOH) with Disabilities (not chronically homeless or highly vulnerable): individuals/HOH must have a disability that interferes with the client's housing stability.
4. Individuals/HOH (without disability, not chronically homeless, and not highly vulnerable).

The CIC team is currently evaluating the priority criteria and the assessment instruments to insure they both align with the CIC's commitment to equity and inclusion as well as are appropriately targeting people to resources in order to achieve the CoC's goals.

The CIC Director, in partnership with other key CoC staff, is working to develop additional strategies and resources to support people whose level of vulnerability is in a moderate to low range and thus unlikely to qualify for supportive housing such as permanent supportive housing.

B.2. How will a participant access the proposed project/program, use the services, and derive a beneficial outcome from participation?

Participants access the Community Intake Center (CIC) by engaging in services at an access point. Access points are all HMIS participating shelters and street outreach programs. For people who are not able to connect with an HMIS participating shelter, the CIC Outreach staff will meet with them to complete an intake to enter them into the CIC system. In this way, any person seeking homeless services may access the CIC.

The benefit derived by individuals from participating in the CIC is they have an opportunity to be assessed and prioritized for supportive housing. While the vast majority of those seeking homeless services will not be matched to a supportive housing program, the CIC is able to objectively and systematically prioritize who is able to match to this valuable and limited resource.

The CIC Director maintains the prioritization list. The list is reviewed bi-weekly at the Assessment Team meeting and/or Assessment Team case conferencing, which allows the team to share information and develop strategies to help move people on the list towards permanent housing.

When the CIC is notified of a vacancy in a supportive housing program - such as Permanent Supportive Housing (PSH) or Rapid Re-Housing (RRH) - the CIC Director will review the BNL for the highest prioritized person who meets the program admission criteria. She will prepare the referral, including all documentation on homelessness history and disability gathered by the outreach team, and send the referral to the Program Director. The Program Director must accept or reject the referral.

Rejected referrals are placed back on the BNL for future matching opportunities.

If an individual on the BNL has not engaged with homeless services for over 90 days they will be moved to an inactive status. If they re-appear they can be re-prioritized onto the BNL.

B.3. Describe the unmet need that the proposed project/program seeks to address. Include data supporting the need.

The CIC is the key service in the WSFC CoC connecting people who are homeless to available supportive housing resources to address their homelessness. The CIC staff work with the community's shelters and street outreach programs to identify people who are homeless and not able to resolve their housing crisis on their own. Individuals are prioritized for assistance using the VI-SPDAT, an evidence-based tool to assess the relative vulnerability of people experiencing homelessness. Cases are presented to the Community Assessment team based on this prioritization and connected to both homeless services and other mainstream resources to help the household improve their housing and housing stability.

Beginning in November 2020 the CIC added diversion services to its toolbox to assist individuals who are new to homelessness either rapidly exit or not enter homelessness at all.

Pre-pandemic, in 2019, 1,608 households received homeless services. In 2021 during the pandemic only 962 people experience literal homelessness in Forsyth County. In this same timeframe we saw our street population go from approximately 50-75 people to the 250 people as of November 2021. The reduction in people served came not from less people needing our services, but from people needing our services longer. The average length of time served in 2019 was 89 days (LSA report). In 2021 this LOS as increased to 123 days (preliminary LAS data). As the system has to readjust to the new norms and service demands post pandemic, the CIC's role in prioritizing access to the supportive housing resources will be critical to our systems ability to put our limited resources to their highest and best use.

COLLABORATION (6 POINTS)

B.4. Describe any specific collaborative relationships with other organizations (public or private) and how they will impact the project/program. How will collaboration contribute to the planning, implementation, operation, oversight, and performance measurement of the proposed project/program?

The mission and vision of United Way of Forsyth County (UWFC) are built on the principals of collaboration and strategic partnerships. In all of its work, UWFC builds partnerships with public, private and non-profit partners for the purpose of achieving targeted, measurable outcomes for the common good of our community. The CIC staff are a key example of the way in which UWFC uses collaboration to plan, implement, operate and provide oversight to its projects and activities.

At its highest level, the work of the CIC staff is a collaborative effort between the City, County and UWFC and members of the WSFC CoC to support the goals and work of the WSFC CoC. The governance structure of the CoC provides planning and oversight to the CIC, and aligns the priorities of the CIC to the strategic goals of the WSFC CoC. By only accepting new clients from referrals through the CIC, members of the WSFC CoC ensure supportive housing resources are prioritized across the community to people who are the most in need of these services.

C. Strategy and Performance

Please provide the following information.

STRATEGY (5 POINTS)

C.1. The City of Winston-Salem's strategic priorities, adopted most recently in the [2017-2021 Strategic Plan \(2019 Update\)](#) and under review for adoption by City Council for FY 2022 - FY 2025 Strategic Plan, are used as guiding principles to establish community priorities based on the vision, mission, and values set forward by the Mayor and City Council.

Indicate which of the City's strategic focus areas your program aligns with best (select one):

Safe and Secure Community

C.2. Select the service area(s) that your project/program relates to:

- Housing/Homelessness
- Economic Development
- Construction Rehabilitation
- Poverty Reduction
- Arts and Culture
- Youth
- Public Safety
- Transportation
- Other

PERFORMANCE (15 POINTS)

C.3. Describe the system to be used to track participant and program data. List any key reports and their frequency that will be used to capture project/program performance.

We use the North Carolina Homeless Management System (NC HMIS) data base to track data and information on the success of our programs across the CoC. The BNL is drawn from the NC HMIS based on data from key access points including shelters and street outreach programs.

In addition, CIC staff work with staff from agencies across the CoC to individually track key data which will help them evaluate their effectiveness in helping people get housed.

For the CIC specifically, we used the BNL which is generated from the NC HMIS database. In addition, in our work with

the national Built for Zero initiative, we report the number of chronically homeless, the number of chronically homeless new to the list (inflow), housed (outflow) and the same for veterans.

CIC staff use a number of reports across the whole CoC to monitor the progress of our work including:

Annual Reports:

AHAR, required by HUD for the CoC to submit annually. Report is created from data in the NC HMIS system, this report is being revised to be more detailed and population specific.

APR: required by HUD for all CoC funded programs. Report is created from data in the NC HMIS system.

PIT Count: UWFC organizes a street count which is paired with a one night census from all of the emergency and transitional shelters in Forsyth County to create a snapshot of homelessness in the community. The January Count, which is required by HUD, is the official count data that we use.

Monthly Reports:

Data Quality: on a monthly basis all staff connected to rapid re-housing or coordinated assessment services review their data quality report to ensure the data is complete and correct in the HMIS system.

By Name List (BNL): the Community Intake Center (CIC) uses a BNL of people experiencing chronic or otherwise highly vulnerable homelessness. This list is reviewed monthly to assess the number of chronically homeless people in our community, the number of homeless veterans, and housing placements. It is also used on a daily basis by the CIC.

Quarterly Reports:

Quarterly Performance Report for State ESG funded programs.

Other Reports:

- Discharge Destination
- Length of State & Recidivism
- Demographics Report

C.4. Explain the steps that will be taken if the stated program goals provided in C.3. are not achieved.

The CIC practices continuous quality improvement to evaluate it's progress and success. In addition to monitoring the number of people on the BNL, the number of chronically homeless and the number of veterans on the BNL, CIC staff monitor the number of matches and the speed at which matches who are identified are entered into supportive housing programs. When staff identify areas which are not supporting the swift resolution of participant's housing crisis they work with CIC partner agencies and with the WSFC CoC to identify strategies to improve the system in order to decrease the amount of time between people being identified and receiving supportive services

C.5. Use the chart below to show how your agency measures program effectiveness. List goals, activities, and performance measures you will use to evaluate services, facilities, and programs that will be funded by the City. Performance measures can be quantitative and/or narrative.

Applicants will be reimbursed funds based upon timely submissions of eligible invoices. These invoices should describe services rendered and should align with the goals and objectives cited here. Where outcomes do not align with goals, please be prepared to provide a written summary of shortcomings.

FY 20-21 Previous Year Results	257	257
FY 21-22 Current Year Projected Results	300	300
FY 22-23 Next Year Anticipated Results	350	350

C.6. FY 20-21 Program Accomplishments

The 20/21 year has been challenging for CIC. With the slowdown in the housing market it is taking people longer to find housing once they are referred to a housing program. In addition, in response to the pandemic, the CIC temporarily revised its prioritization criteria to make "medically vulnerable to COVID" the highest priority. The CoC removed this criteria in the spring of 2021 once the medically fragile shelter was closed.

Despite the challenges of the pandemic, the CIC has continued to screen and refer people to available supportive housing programs.

In addition, as part of the continuous quality improvement work that the CIC leads with Built for Zero, the CIC is reviewing its tools and procedures to refine them and improve both their effectiveness at connecting people to housing, but also in addressing racial disparities.

C.7. FY 22-23 Key Objectives

The CIC will support the work of the CoC in reaching functional zero for chronically homeless people and will continue to improve case conferencing, diversion and connection to mainstream resources in order to help the CoC achieve its goal of an average length of homelessness of under 30 days.

D. Organizational Capacity

Please provide the following information.

MISSION (5 POINTS)

D.1. Provide an overview of the organization. Include the organization's mission statement and the major services, programs, and activities provided. How does the proposed project/program help advance the mission of your organization?

United Way of Forsyth County (UWFC) brings the community and its resources together to solve problems that no one organization can address alone.

The major projects of UWFC are:

- Community investments in the areas of Economic Mobility and Socioeconomic Wellbeing
- Housing Matters—coordination and backbone support to the WSFC CoC
- The Forsyth Promise—cradle to career education network
- Place Matters—strategic investment in 13 neighborhoods to help develop thriving neighborhoods
- Partnership for Prosperity—community-based initiative to address poverty in Forsyth County

UWFC's community investments support programs across Forsyth County that serve citizens of our community with a wide range of human services. Investments in each area are driven by a set of community goals and outcomes which are developed by Impact Councils staffed by experts in each area from across the community and members of our partner agencies.

While there are many agencies and programs in our community addressing the needs of people who are homeless, UWFC's support of the work of the Housing Matters Initiative demonstrates the power of organizing and coordinating services to leverage the power of many organizations working together to solve seemingly unsolvable problems, such as homelessness. Since UWFC began work with the WSFC CoC, chronic homelessness has decreased over 90%.

FUNCTION (5 POINTS)

D.2. How long has your organization been in operation?

98 years

D.3. How does your organization benefit and serve the City of Winston-Salem and its citizens?

For 98 years, United Way of Forsyth County (UWFC) and its precursor organization the United Fund have served the Forsyth County community by leveraging resources to meet the human service needs of residents of Forsyth County.

UWFC benefits and serves the residents of Forsyth County in multiple ways. Through our investments and the leveraging of those investments through key partnerships, UWFC helps to improve the lives of residents in the areas of Economic Mobility and Socioeconomic Wellbeing. In addition, UWFC is a leader in our community in addressing human service needs with data-informed decision making, which allows us to focus every dollar of our investments on

its highest and best use for achieving real, lasting change in our community.

The programs we are requesting funds for from the City specifically address the needs of individuals and families in our community who experience homelessness by providing backbone support and leadership to the Winston-Salem/Forsyth County Continuum of Care (WSFC CoC) and supporting the work of our CoC to support Forsyth County's efforts to be a housing first community, ending chronic homelessness, and working to develop a system of care so any resident of our community who becomes homeless can be re-housed in under 30 days.

The Housing First System places the emphasis of ending homelessness on moving people as quickly as possible into permanent housing and then wrapping key support services around them. Since UWFC began supporting the WSFC CoC implementation of the Ten Year Plan to End Chronic Homelessness our community has seen over a 90% decrease in chronic homelessness and achieved the milestone of "ending veteran homelessness," as recognized by HUD and the US Inter-agency Council on Homelessness.

STRUCTURE (5 POINTS)

D.4. In the chart below, list key personnel and executive staff involved in the proposed project/program.

Position Title	Activities/Inputs	Total Work Hours Per Week	% of hours proposed to be funded

Describe the hiring process and how it is structured to provide the most diverse candidate pool. Best practices for accessing a diverse hiring process and candidate pool include:

UWFC advertises open positions on our own website, the WS Journal, The Chronicle, NC Center for Nonprofits and Indeed, which reach a broad audience of job seekers. Applicants are screened by HR staff to assess minimum qualifications are met. All applications from candidates meeting minimum qualifications are reviewed by the hiring director, and top candidates are selected for interviews. Interview teams are selected to represent the program or department hiring. Once a top candidate(s) is selected the HR staff review references and the director will make a formal offer.

ABILITY (5 POINTS)

D.11. If this is an application for new funding, please describe the steps your organization will take to establish an

action plan for successful program launch, including appropriate stakeholder training and coordination. Articulate a clear methodology for service delivery within the context of established goals and include a timeline of key action items and approximate dates for delivery.

This project is currently operational; continued funding will ensure uninterrupted services.

D.12. Describe your organizations' past success with flexibly responding to unforeseen events, which had the potential to negatively impact deliverables. What were best practices learned, if any? How would you successfully use these practices with the proposed program, if necessary?

The United Way of Forsyth County has been a community leader in responding to the greatest human service needs in our community for nearly 100 years. Prior to the pandemic we have been members of Communities Organizing Against Disaster (COAD), were active in helping coordinated services to the community during Hurricane Florence and provided support to the State Emergency Shelter that was stationed in Forsyth County.

The pandemic was a unique disaster response. Our office was quickly able to adapt to remote work, in particular, most members of the Housing Matters team were already equipped with mobile technology to allow them to bring services to people experiencing homelessness. Within the first week of the pandemic declaration UWFC began the CoC daily check in call (now a weekly call), provided coordination and support to the congregate shelters in reorganizing and retooling their facilities in order to keep people safe. In addition we worked intimately with the County Public Health Department to develop an isolation shelter and with the City of Winston-Salem, City with Dwellings and the Bethesda Center for the Homeless to develop and implement a shelter for people who were medically fragile, and supported the street outreach teams in accessing supplies to support encampments, we also supported the coordination of access to personal protective equipment for staff and program participants.

D.13. How does your program's policies/procedures ensure fair treatment, equitable access, and utilization of benefits for all persons, particularly marginalized and underserved groups and communities (i.e., marketing, outreach, eligibility determination and appeals)?

In addition to our fair housing policy, UWFC has non-discrimination policies, and over the last few years our Board and now staff have begun the process of evaluating and implementing strategies to provide services with a racial equity lens.

E.4. For each activity and line item above, please provide a short but detailed description of how City resources will be used to carry out proposed programming.

For all budget line items above, the City resources directly support staff responsible for carrying out the assigned responsibilities for implementing coordinated assessment. The CIC Director manages the BNL and program matches, the Director of Outreach and Data Stability Coordinator work to screen, assess, and collect critical data for prioritization and make sure all data is complete and accurate within the HMIS. The Diversion Specialist identifies individuals who should be prioritized for diversion and supports them accessing trained diversion specialists and accessing diversion financial assistance.

E.5. Where another stakeholder or agency is providing non-monetary assistance with a particular aspect of your programming, please provide a short description of those activities and how they will supplement the use of City funds.

The design of the WSFC CoC's coordinated assessment system is a multi-agency collaboration. The CIC staff rely on data entered by emergency shelters and street outreach programs to pull individuals into the CIC's BNL. Also, the HMIS participating shelters and street outreach programs administer the VISPDAT when possible to ensure individuals can be appropriately prioritized.

E.6. If this year's request is different in any way (amount, activities, etc.) from a prior year's request, explain how

and why. If you are a new applicant, please describe how you would adjust your project/program if your funding request is not funded at the full amount.

NA

SUSTAINABILITY (7 POINTS)

E.7. Describe the plan to sustain the project/program funding in future years. Include information about other funding sources to leverage City funds requested.

UWFC is dedicated to fulfilling its commitment to being the backbone organization for the CoC, providing system coordination, coordinated entry support and fiscal management of charitable funds other than the Federal HUD grants. It is anticipated all current funding specifically for this work, including City funding, will continue to support the work of the new CoC strategic plan including the operation of the HUD requirement for the Community Intake Center which is the CoC's coordinated entry program.

UWFC expects all current funding for the CIC will continue indefinitely. UWFC also understands it may not continue and any reduction in the current Federal/State/Local commitment to funding of the CIC would result in a reduction of services. As these programs grow, additional needs for funds are anticipated. UWFC, in partnership with the CoC, will be assessing the best strategy for meeting the full financial needs of these programs.

BARRIERS (3 POINTS)

E.8. Describe any potential programmatic barriers to project implementation (e.g. recruitment or outreach challenges, etc.) and your plans for overcoming them.

We do not anticipate any barriers to implementation.

E.9. Describe any institutional barriers to project implementation (e.g. staff vacancies, pending departures, etc.) and your plans for overcoming them.

We do not foresee any barriers to the continued operation of this program.

AVERAGE COST (5 POINTS)

E.10. Use the table below to show the average amount of City funds requested per beneficiary to be served during the year and the average total cost of the service per beneficiary to be served during the year (including all funding sources)

Proposed funds from the City for this project:	30,400
Number proposed to be served for the year:	1,600
Average City funds per beneficiary:	19
Proposed funds from all sources:	60,800
Number proposed to be served for the year:	1,600
Average total funds per beneficiary:	38

G. Income Based Projects/Services Only

** Complete this section only if you are requesting funds for a Community Development project (for CDBG, HOME and/or ESG funding).**

If the section is not applicable to your project, please leave the questions blank and mark the step "Complete."

G.1. In the right-hand column below, indicate the number of participants to be served by the proposed project/program within each income category during the year. Click [here](#) to see Winston-Salem income limits by household size.

Income Range	# to be served
0 to 30% of median	75
31% to 50% of median	20
51% to 80% of median	5
Greater than 80% of median	0

G.2. Describe policies, procedures, and criteria for determining who is eligible. Describe the procedures for screening, eligibility determination, intake, assessment and orientation of participants

For all UWFC programs that support projects such as CIC and FRRRC for which specific eligibility must be determined, staff engage in an interview with applicants following either the CIC intake/assessment form or the FRRRC intake assessment form. These assessments gather direct information related to eligibility determinations. To verify homelessness, CIC staff collect critical information including copies of identifying information, verification of homelessness from HMIS and request documentation from non-HMIS providers outside of our CoC for dates served. For Disability documentation, CIC staff help participants request verification from medical professionals to be provided with a referral to a supportive housing program. For income verification, CIC staff request proof of income documentation from applicants.

FRRRC staff relies primarily on the certification of eligibility provided by the case manager assigned to clients. UWFC staff's role in FRRRC is focused on housing navigation, support, and training for CMs and management of TFA. Prior to disbursement of any funds, case managers certify they have all required eligibility documentation in the client file. The FRRRC Director performs spot checks of files to ensure documentation is maintained.
