B. Project Overview

Completed by southsideridesmoore@yahoo.com on 12/22/2021
5:29 PM

Case Id: 14289

Name: Southside Rides Foundation- Project M.O.O.R.E -

Address: *No Address Assigned

B. Project Overview

Please provide the following information.

APPROACH (7 POINTS)

B.1. Provide a concise description of the proposed project/program, indicating specifically how City funds will be used. Briefly, what are the goals/objectives of the project/program?

The Southside Rides Foundation is continuously seeking funds to facilitate life skills training workshops and auto body repair to the ex-offender population. Funding deriving from the City of Winston Salem will be used to provide stipends to participants in the program as well as purchase tools and necessary supplies to complete tasks while within the program.

The goals/objectives of the program is for all Forsyth County residents to live in safer communities by providing the ex-offenders with a means of education and employment in auto body repair in order to increase entrepreneurship and promote healthier, positive lifestyles. This alone will reduce the crime rates as well as habitual offenders within the communities. Community outcomes of funding include but are not limited to the following:

- decrease in gang/criminal activities
- increased viability
- safer school systems
- increased graduation rates among the troubled youth

B.2. How will a participant access the proposed project/program, use the services, and derive a beneficial outcome from participation?

Participants can access the program from a referral from the Forsyth Correctional Institution, Main Street Academy, and Community Service workplace. All participants in the program have access to substance abuse counseling, mentorship, anger management, job readiness, business planning, workplace safety and hands on training in Auto Body Repair. These services aim to promote employment through practical instruction, offering personal guidance to inspire strong character, and encourage a spirit of fellowship for individuals while maintaining a standard of excellence in the automotive field and enriching the community.

B.3. Describe the unmet need that the proposed project/program seeks to address. Include data supporting the need.

Southside Rides works to address the issues of those youth who are at risk or have been incarcerated. According to the most recent statistics, 58% of Inmates are African-American. Furthermore, according to data from the Forsyth County Sheriff's Office, 6,902 of the 12,400 people booked at the jail were African-American.

COLLABORATION (6 POINTS)

B.4. Describe any specific collaborative relationships with other organizations (public or private) and how they will impact the project/program. How will collaboration contribute to the planning, implementation, operation, oversight, and performance measurement of the proposed project/program?

SSR has established partnerships with the Forsyth County Justice system, the Departments of Social Services, Forsyth County Corrections, Forsyth Tech, Community Service Workplace, Main Street Academy and an array of youth

Printed By: Rene Williams on 1/28/2022

2 of 24

behavioral agencies. These partnering agencies provides referrals to SSR and have mechanisms and criteria in place to track and monitor their successes. While enrolled in the program, SSR reports progress, performance, test scores and attendance to these partnering agencies. This allows them to conduct overall analysis of client performance for evaluation and also helps SSR in monitoring their successes within the Auto Body Program.

C. Strategy and Performance

Completed by southsideridesmoore@yahoo.com on 12/24/2021
9:09 AM

Case Id: 14289

Name: Southside Rides Foundation- Project M.O.O.R.E -

Address: *No Address Assigned

C. Strategy and Performance

Please provide the following information.

STRATEGY (5 POINTS)

C.1. The City of Winston-Salem's strategic priorities, adopted most recently in the [2017-2021 Strategic Plan \(2019 Update\)](#) and under review for adoption by City Council for FY 2022 - FY 2025 Strategic Plan, are used as guiding principles to establish community priorities based on the vision, mission, and values set forward by the Mayor and City Council.

Indicate which of the City's strategic focus areas your program aligns with best (select one):

Safe and Secure Community

C.2. Select the service area(s) that your project/program relates to:

- Housing/Homelessness
- Economic Development
- Construction Rehabilitation
- Poverty Reduction
- Arts and Culture
- Youth
- Public Safety
- Transportation
- Other

PERFORMANCE (15 POINTS)

C.3. Describe the system to be used to track participant and program data. List any key reports and their frequency that will be used to capture project/program performance.

The system will be a combination of paper form, which will then be compiled into a spreadsheet for analyzing data. The performance measures will be tracked and monitored by having an intake application for every participant. This will assist us in tracking the number of participants and those who successfully complete the training. In addition to the intake form, we will do quarterly participant reviews during and for the first year following the completion of the training. The quarterly reviews will capture whether the participant is employed and whether they have been arrested an/or charged for a crime.

C.4. Explain the steps that will be taken if the stated program goals provided in C.3. are not achieved.

Printed By: Rene Williams on 1/28/2022

4 of 24

As a recipient of the City of Winston Salem Grant, SSR has extensive experience with complying with government regulations, monitoring and reporting as result of the partnerships with the corrections and juvenile systems. Beyond tracking data for the class outcomes, SSR also maintains and tracks data on the community service referrals that is received through the court system. If original goals are not achieved, more changes will be implemented via the Board of Directors to ensure project goals are obtained and/or exceeded.

Attach participant/program data sample report

 **Participant/Program Data Sample Report *Required**

SSR Program Participant Sample.xlsx

C.5. Use the chart below to show how your agency measures program effectiveness. List goals, activities, and performance measures you will use to evaluate services, facilities, and programs that will be funded by the City. Performance measures can be quantitative and/or narrative.

Applicants will be reimbursed funds based upon timely submissions of eligible invoices. These invoices should describe services rendered and should align with the goals and objectives cited here. Where outcomes do not align with goals, please be prepared to provide a written summary of shortcomings.

Stated Program Goals	Program Activities in Support of Goals	FY 20-21 Previous Year Results	FY 21-22 Current Year Projected Results	FY 22-23 Next Year Anticipated Results
Rehabilitate Students into productive citizens in society.	ED and auto body manager will provide life skills training	20 students will participate in life skills training	25 students will participate in life skills training	30 students will participate in life skills training
Reduce the rate of recidivism by providing legal and legitimate source of income	Participants will receive a stipend for training at SSR.	20 Students will receive a stipend	25 students will receive a stipend	30 students will receive a stipend
Restore and maintain vehicles during the 16 week program	Provide training for 35 ex-offenders in the restoration of vehicles	16 vehicles restored by students	20 vehicles to be restored by students	25 vehicles to be restored by students
Decrease recidivism rates for individuals in the program	Have funds to pay probation fees and child support.	25 students had no new criminal charges	60 Students had no new criminal charges	60 students had no new criminal charges
Arrange internships for potential students.	Internships will provide an avenue for individuals to develop self sufficiency.	10 students receive internships , employment or started their own auto-related businesses.	20 students receive internships, employment or started their own auto-related businesses	25 students to receive internships, employment or started their own auto-related businesses

	Total Unduplicated Number Served	Total Number Served
FY 20-21 Previous Year Results	25	25
FY 21-22 Current Year Projected Results	30	30
FY 22-23 Next Year Anticipated Results	60	35

C.6. FY 20-21 Program Accomplishments

Throughout the program, students were very participatory and eager to complete both Parts of the Program; Auto Body I & II. Students were able to pay child support/court fees and able to provide for their families with the stipends they received; a benefit they would not otherwise have. Also, 2 students were able to open their own auto body repair shops, 3 of the students were hired permanently in auto body related employers, 2 students were hired to serve at our Winston Salem Location and 1 student was hired at our second location in Charlotte, NC.

C.7. FY 22-23 Key Objectives

Increase student retention and graduation rates, Decrease # of student habitual offenses/incarceration rates, increase student enrollment, increase percentage of student entrepreneurship & employment placement post-graduation, Increase in the number of vehicles restored, maintain student academic success at 90% and above, Students will receive a stipend for training program.

D. Organizational Capacity

Completed by southsideridesmoore@yahoo.com on 12/22/2021
11:10 PM

Case Id: 14289

Name: Southside Rides Foundation- Project M.O.O.R.E -

Address: *No Address Assigned

D. Organizational Capacity

Please provide the following information.

MISSION (5 POINTS)

D.1. Provide an overview of the organization. Include the organization's mission statement and the major services, programs, and activities provided. How does the proposed project/program help advance the mission of your organization?

The Southside Rides Foundation is a not for profit organization that believes that everyone deserves a second chance and that all citizens have the capacity to be a constructive, distinguished, and conscientious member of the community. The educational automotive program aims to promote employment through practical instruction, offer personal guidance to inspire strong character, and encourage a spirit of fellowship for individuals of all lifestyles while maintaining a standard of excellence in the automotive field and enriching the community.

FUNCTION (5 POINTS)

D.2. How long has your organization been in operation?

Southside Rides has been in operation since 2005.

D.3. How does your organization benefit and serve the City of Winston-Salem and its citizens?

Southside Rides benefits the City of Winston-Salem and the citizens as SSR offers ex-felons to learn a trade in the automotive industry and receive a stipend hence prohibiting individuals from committing crimes to pay child support, rent, etc. Statistics show that 94% of individuals enrolled in Southside Rides do not result back to committing crimes. The agency assists with decreasing recidivism.

STRUCTURE (5 POINTS)

D.4. In the chart below, list key personnel and executive staff involved in the proposed project/program.

Position Title	Activities/Inputs	Total Work Hours Per Week	% of hours proposed to be funded
Executive Director	Develop and implement strategies aiming to promote the organization's mission Build an effective team of leaders by providing guidance and coaching to subordinate managers Ensure adherence of the organization's daily activities and long term plans to established policies and legal guidelines Direct and oversee fundraising efforts	40	0.00 %

	<p>Maintain relations of trust with shareholders, partners and external authorities authorities</p> <p>Act as the public relations representative of the organization in ways to strengthen its profile</p> <p>Review reports to acquire understanding of the Organization's financial and non-financial position'</p> <p>Serve as an instructor to the Auto Body program and Hands On learning experiences</p> <p>Ensure students are meeting their community service requirements/deadlines</p>		
Auto Body Mechanic	Supervises participants in the class	40	25.00 %

D.5. List all executive staff and their compensation (other than per diem).

Executive Staff Name	Title/Role	Compensation	% of Hours Proposed to be Funded
David Moore	Executive Director	\$50,000.00	0.00 %

D.6. Attach an organizational chart

Organizational Chart *Required

23175_SSR Organizational Chart-1.docx

D.7. Please complete the Diversity of Employment and the Employment Profile below. See the [Request for Proposals \(RFP\)](#) for definitions of position types used in the Employment Profile.

Describe the hiring process and how it is structured to provide the most diverse candidate pool. Best practices for accessing a diverse hiring process and candidate pool include:

The hiring process consists in the development of the job description and announcement that is reviewed by the Executive Director and the Board of Directors. The Job announcement includes the required information and the date in which the announcement will close. The job announcement will be posted on the agency website and the employment security commission.

Please enter the total number of Full-Time Positions and Employees you have in the table below, as well as the employee's appropriate race/ethnicity and gender identity.

	Male - White	Male - Black	Male - Other	Female - White	Female - Black	Female - Other

Executives/Managers		2				
Professionals						
Technicians		2				
Office/Clerical		1				
Laborers/Service Workers		1

Please enter the total number of Temporary/Part-Time Positions (FTE) and Employees you have in the table below, as well as the employee's appropriate race/ethnicity and gender identity.

	Male - White	Male - Black	Male - Other	Female - White	Female - Black	Female - Other
Executives/Managers						
Professionals						
Technicians	1	3				
Office/Clerical						
Laborers/Service Workers						
Total Part-Time/Temp						

D.8.

Attach a list of all Board Members AND compensation (other than per diem) ***Required**

23174_SSR-Board of Directors-Affiliations-1.doc

D.9. Number of full Board meetings held during the last twelve months

4

D.10. Number of Board's Executive Committee meetings held during the last twelve months

4

ABILITY (5 POINTS)

D.11. If this is an application for new funding, please describe the steps your organization will take to establish an action plan for successful program launch, including appropriate stakeholder training and coordination. Articulate a clear methodology for service delivery within the context of established goals and include a timeline of key action items and approximate dates for delivery.

n/a

D.12. Describe your organizations' past success with flexibly responding to unforeseen events, which had the potential to negatively impact deliverables. What were best practices learned, if any? How would you successfully use these practices with the proposed program, if necessary?

Southside Rides has suffered from limited grant funding and opportunities for many years. The majority of funding it does receive goes to stipends and operational costs. To adapt and keep stipends flowing to its students, SSR has the ability to restore and sell vehicles to the general public for income flow as well as host fundraisers and partnering with agencies to fill the gaps. SSR also plans to acquire a grant writer to secure funding opportunities from heavier grantors and apply with a variety of funding resources to bridge the financial gaps.

D.13. How does your program's policies/procedures ensure fair treatment, equitable access, and utilization of benefits for all persons, particularly marginalized and underserved groups and communities (i.e., marketing, outreach, eligibility determination and appeals)?

All persons are able to access and take advantage of the program and its services through court, probation, school and/or personal referrals. SSR does not discriminate in race, ethnicity, gender, status, religion or disability. All persons seeking help, are required to obtain a completed referral form by one of our referral partnering agencies.

E. Cost Effectiveness

Case Id: 14289

Describe any amounts listed under "Other Operating Expenditures" or "Other Revenues." Provide details on any specific federal government revenue sources.

n/a

E.2. Has the City of Winston-Salem provided funding in the past? If so, provide a funding history of the most recent five years of City contributions in the table below.

Year	Funding Source	Funding Amount
2020	SOAR	\$10,000.00
2020	SOCIAL JUSTICE GRANT	\$11,600.00
2019	SOAR	\$10,000.00
2018	SOAR	\$10,000.00
2017	SOAR	\$10,000.00
2016	SOAR	\$10,000.00

E.3. Complete the table below to show specific details of proposed City funding and other leveraged funding for the proposed project/program. List each additional funding source for the program.

Activity	Funding Requested from City	Funds from Other Sources	Other Funds Source
Stipends	\$30,000.00	\$5,000.00	Fundraising
	\$30,000.00	\$5,000.00	

E.4. For each activity and line item above, please provide a short but detailed description of how City resources will be used to carry out proposed programming.

Stipends will be provided to students enrolled in the auto body program to offset their personal and household expenses, serve as a monetary means of spousal/child support and/or fares associated with transportation. Many students coming into the program have no means of income and a low employee prospect for employers due to their criminal background/history. Uniforms, safety equipment, auto body educational supplies and equipment are needed as well, however, with limited funding of 10k received from the city, the stipends completely wipe out each disbursement entirely.

E.5. Where another stakeholder or agency is providing non-monetary assistance with a particular aspect of your programming, please provide a short description of those activities and how they will supplement the use of City funds.

Good will is a partnering agency that works with Southside Rides to employ workers in the "First Time Work program" to assist SSR in administrative, Customer service/support and custodial services when understaffed due to sickness and other personal reasons. This service is a no cost and is a great way to keep employee labor expenditures low and relatively stable.

E.6. If this year's request is different in any way (amount, activities, etc.) from a prior year's request, explain how and why. If you are a new applicant, please describe how you would adjust your project/program if your funding request is not funded at the full amount.

In the event City funds are not funded at 100%, SSR will adjust the amount of students allowed in Parts I & II of the program and decrease the stipend amounts. This limitation will protect SSR's bottom line and allow for a rich educational experience to continue. This precautionary method will avoid a surge of expenditures and program overhead that will negatively impact SSR's financial stability and program success.

Other measures that will be explored include reaching out to key partnering agencies within the community to identify viable agencies that may be able to bridge the gap; focusing primarily on educational institutions and auto-related businesses for non-monetary & monetary support. Furthermore, SSR will seek to find, attract, and secure more grant funding opportunities.

SUSTAINABILITY (7 POINTS)

E.7. Describe the plan to sustain the project/program funding in future years. Include information about other funding sources to leverage City funds requested.

Due to the issue of limited funding, the Southside Rides Foundation plans to sustain funding in the future years by seeking more models such as learning and venture networks that will highlight collaborative funding. SSR will begin in earnest, exploring ways to use collaboration as a means of leveraging resources to achieve measurable impact and outcomes. Public as well as private partnerships and shared funding models will become a priority. In regards to a collaborative funding model, SSR must and will have trust in others' ability to lead effectively and fairly.

Communication, understanding and goodwill going forward will be vital to funding success.

SSR will also take the lead in hosting more fundraising events, which has always been popular and of great success within the community. Furthermore, the SSR will work with auto dealerships and repair shops on sale modules to drive/increase sales of student-restored vehicles that in turn will be used to assist in financially sustaining and leveraging the Organization.

BARRIERS (3 POINTS)

E.8. Describe any potential programmatic barriers to project implementation (e.g. recruitment or outreach challenges, etc.) and your plans for overcoming them.

One programmatic barrier that limits the effective delivery of services in SSR's Auto Body Program is the lack in state-of-the-art auto body equipment. Auto Body equipment is the core and one of the major fundamental building blocks to any auto-related program and/or business. In order to keep up with industry standards that are ever-changing, it is important SSR is able to adapt to meet these standards.

SSR, has been trying for years to secure additional funding to provide these means. In order to overcome these barriers, SSR has acquired a grant writer that will take on the responsibility in securing grant opportunities. The position is non-paid, volunteer.

E.9. Describe any institutional barriers to project implementation (e.g. staff vacancies, pending departures, etc.) and your plans for overcoming them.

The Southside Rides Foundation is in need of more instructors to teach the Auto Body program. Here, the instructors aren't paid, but rather on a voluntary, but dedicated basis. Currently, there are two instructors which includes the Executive Director. Their knowledge in the curriculum is profound-however, their schedules are often stretched thin. It is important the ED's time is dedicated fully to the oversight and management of the Organization.

SSR plans to address these issues by partnering with technical institutions with auto body programs, such as Forsyth Tech to provide part-time reduced or no cost instructional services. Other options include offering non-paid instructor

internships as well as exploring the possibility of allowing post graduates from SSR the opportunity to serve as instructors for a small fee or stipend.

AVERAGE COST (5 POINTS)

E.10. Use the table below to show the average amount of City funds requested per beneficiary to be served during the year and the average total cost of the service per beneficiary to be served during the year (including all funding sources)

Proposed funds from the City for this project:	30,000.00
Number proposed to be served for the year:	60
Average City funds per beneficiary:	500.00
Proposed funds from all sources:	35,000.00
Number proposed to be served for the year:	60
Average total funds per beneficiary:	583.00
