C. General Project Narrative

Please provide the following information.

C.1. Provide description of project and how funds will be used

Christ Rescue Temple (CRT) Apostolic Church is located in the 27105 Community in East Winston-Salem, NC. The Pastor and CEO is Bishop Willie Davis Jr. Our church was established in 1932 as Christ Temple Holiness Church then later renamed after a merger to Christ Rescue Temple Church in 1982. Many of the families in the neighborhoods come from low socioeconomic backgrounds and are faced with many challenges. The neighborhood consists of single-family homes, several apartment complexes, Christ Rescue Temple Day Care Center, and the Golden Lamb Rest Home.

It is our mission to lead people to Christ and empower them to build stronger families and communities. Our church motto is "People Helping People". The following structures were built:
- 1985-CRT Arms Apartment Building #1- Four one-bedroom units are in this building.
- 1986-CRT Arms Apartment Building #2-Four two-bedroom units are in this building.
- 1995-Golden Lamb Rest Home-Licensed for 40 residents.
- 1997-CRT Day Care # 3-Licensed for 125 children.
- 1998-Dove Creek Apartment #1-Ten two-bedroom units are in this building.
- 2000-Dove Creek Apartment #2-Eight two-bedroom units are in this building.
- 2007-Executive #1-Four units two-bedroom are in this building.
- 2010-Executive #2-Four Units two-bedroom are in this building.

All one-bedroom & two-bedroom units include a living room, kitchen, and bathroom. A washer and dryer are included in all units. Currently, the rent is $350.00-$575.00

Basic and necessary repairs have been done over the past 36 years. However, renovations are necessary due to the age of the buildings, and usage from the tenants.

Upgrading old appliances could save the church from constantly having to deal with repairs. Making these upgrades can also save us money on property operating costs. Essentially, renovating the rental property to reduce costs and maintenance requests should make things easier, while saving time and money.

With the funding, we plan to renovate the 34 apartment units by installing new flooring, air conditioning units, windows, roofing, new appliances, etc. We also will do some landscaping by adding shrubbery and mulch to beautify the neighborhood. For the safety of the apartments, we will get some cameras for security. Climate change has brought more flooding, wind damage, water damage, therefore all of these renovations a necessity.

In 2008, the CRT Church implemented a "People Helping People" Feeding. It is funded and supported through church donations (canned goods, nonperishable items, monies) and its generous volunteers. We serve food on Thursdays from 12:00 PM-1:00 PM. During the pandemic we served two days a week to meet the needs of the community. Many of the people who we feed come from the church apartments, CRT Golden Lamb Rest Home, and the 27105 community. In
collaboration with this program, we help the residents and give them more effective resources to live better lives.

Having the church apartments and the Golden Lamb Rest Home, we have benefited the City of Winston-Salem from spending monies on assisted housing for low socioeconomic families and the elderly.

The CRT Daycare Center has provided quality care for the young children of working families. Our facilities and businesses have helped the small businesses to flourish.

The affordable housing and rest home have upgraded the community and neighborhood sustainability. The CRT Church has made a great impact into the community by demolishing slum housing and building a better community.

C.2. How will a participant access the proposed project/program, use the services, and derive a beneficial outcome from participation?
Currently, we have a list of resources such as electricians, plumbers, HAVC, and carpenters that we use to maintain the CRT Systems properties. We plan to hire contractors to do the work and have attached proposals from prospective contractors under Commitment Letters. We will have designated trustees from the church to do inspections and sign off for the jobs performed. The designated trustee will monitor the progress by weekly visits to the property and in house inspections to the apartments.

Please provide the following information.

Demographic distribution is an assessment of the level of the project funds spent on a program or service provided at a physical location in a Qualified Census Tract (QCT), OR where the primary intended beneficiaries live within a QCT, OR whether the program benefits residents that earn less than 60 percent of median income for the City, OR whether over 25 percent of program beneficiaries are below the federal poverty line.

E.1 Is this project/program located in a QCT or serve residents that live in a QCT?
Yes

If yes, what percentage of clients served are estimated to be residents of QCTs? Click here to view the QCT mapping tool
90.00%

E.2 If the project or program is not a QCT or specifically serve residents in a QCT, will residents meet the follow criteria:

☐ 25% or more of participants below the federal poverty line or participants served make less than 60% of the Area Median Income
☐ The project/program does not operate in a QCT, and beneficiaries neither reside in a QCT nor meet the income thresholds mentioned above.
Please provide the following information.

- Funding for affordable housing
- Funding for economic development

**Tier 2:**
- Poverty reduction/cessation
- COVID reopening plan
- Community engagement (Power of connections)

**F.1. Please select the primary priority from the list above addressed by your project/program.**

**Tier 1**

**F.2. Please select the secondary priority from the list above addressed by your project/program.**

**Tier 3**

**F.3. Please describe how the workload or outcomes from your project/program addresses the primary priority you selected.**
Our outcomes for this project is:
To provide affordable housing for families and prevent homelessness in the East Winston Community. There has not been enough funding put back into the East Winston Communities. The CRT Church has made a great impact into the community by demolishing slum housing and building a better community. The CRT Apartments and Houses has helped families from being on total government assistance.

Our project and facilities have helped to collaborate with the small businesses to flourish. The CRT Systems (Apartments, Houses, Rest Home and Childcare Center) have upgraded the community and sustainability. Having the church apartments have benefited the City of Winston-Salem from spending monies on assisted housing and has made a great impact on the economic development.

Our outcome will aligned with Tiers 1 & Tier 3.

Tier 1:
• Focus on job creation/sustainability and workforce development-Project will create jobs opportunities with businesses. Contractors will be hired to do the painting, electrical work, landscaping, etc. Current jobs (CRT Maintenance Crew) will be more sustainable and may create more job opportunities to keep up the facilities.
• Funding for affordable housing-Renovate the apartments and keep rent at low affordable rates.

Tier 3:
• Address childcare needs-Keep families in a neighborhood with an affordable childcare center in the neighborhood so they can work.
• Neighborhood maintenance-Renovate, update, and maintain a safe and secure environment.
