

## VII. CORRIDOR ALTERNATIVES DESCRIPTION

As a part of this study, alternative locations for the proposed roadway extensions were considered. Descriptions of the corridor alternatives are as follows:

### ➤ **Alternative A**

- ❖ Martin Luther King, Jr. Drive extends westward to intersect Broad Street just south of the existing Northwest Boulevard /Broad Street /Thurmond Street intersection and then continues west along existing Northwest Boulevard.
- ❖ Existing Northwest Boulevard /Thurmond Street intersection will be shifted to the north.

The conceptual plan for Alternative A is shown in Figure 12.

### ➤ **Alternative B**

- ❖ Martin Luther King, Jr. Drive extends westward to intersect Broad Street midway between Northwest Boulevard and 7th Street and then continues west to Northwest Boulevard.
- ❖ Proposed Roundabout at the new Martin Luther King, Jr. Drive / Broad Street intersection.

The conceptual plan for Alternative B is shown in Figure 13.

### ➤ **Alternative C**

- ❖ Martin Luther King, Jr. Drive extends westward to intersect Broad Street midway between Northwest Boulevard and 7th Street to form a signalized intersection.

The conceptual plan for Alternative C is shown in Figure 14.

### ➤ **Other Recommended Improvements (included with all alternatives)**

- ❖ Proposed Roundabout at the Reynolda Road / West End Boulevard intersection.
- ❖ Reconfiguration of the Broad Street / West End Boulevard / 7th Street intersection.
