RE: ZONING TEXT AMENDMENT UDO-111

Dear Mr. Geda:

The attached report of the Planning Board to the Forsyth County Board of Commissioners and City of Winston-Salem City Council is sent to you at the request of the Commissioners and Council Members.

When the text amendment is scheduled for public hearing, you will be notified by Jane Cole, Clerk to the County Commissioners and Renee Rice, City Secretary, of the date on which the Commissioners and City Council will hear this petition.

Sincerely,

A. Paul Norby, AICP
Director of Planning

REQUEST

Text amendment to the Zoning Ordinance of the *Unified Development Ordinances* (UDO) to revise width requirement for one-way private access easements from twenty-five feet (25’) to twenty feet (20’).

BACKGROUND

This text amendment is being requested by Stimmel Associates, PA, in conjunction with a multi-use shopping center on Hanes Mall Boulevard in the City of Winston-Salem, NC to accommodate future businesses. Staff notes, however, that any UDO text amendment applies to all applicable situations and not just to any one site.

The current private access easements width requirement is 25’ for both one-way and two-way travel lanes. The request is to revise the private access easements width by adding language that would differentiate width requirements for one-way and two-way travel lanes. If approved, this UDO text amendment would lessen the amount of pavement required in the travel lane when accommodating associated parking.

ANALYSIS

Planning staff commonly encourages the reduction of any unnecessary impervious surface coverage on site plans whenever possible. Typically, this involves trying to reduce excessive parking areas, but has recently expanded to evaluate and potentially amend our current street standards regarding street width. Now, it has come to Planning staff’s attention that there is yet another area where we can reduce some seemingly avoidable excessive impervious surface.

The current private access easement width requirement is twenty-five (25) feet for both one-way and two-way travel lanes. The proposed text amendment would reduce the width for a one-way access easement to twenty (20) feet, thereby reducing the amount of pavement of the travel lane that provides access to any associated angled and parallel parking. The reduction in width would only be permitted for Planning Board Review and Special Use Zoning developments.

In evaluating this request staff consulted with Winston-Salem Inspections, Public Works, Sanitation, Streets, and both City and County Fire Departments. All parties have yielded a common judgment in support for the proposed reduction to twenty (20) feet of an unobstructed one-way access easement as said reduction in easement would not hamper necessary actions for any of the aforementioned agencies.
RECOMMENDATION

Staff recommendation: **APPROVAL.**

Chad Hall presented the staff report.

UDO 111
AN ORDINANCE AMENDING
THE ZONING ORDINANCE,
OF THE 
UNIFIED DEVELOPMENT ORDINANCES
RELATED TO WIDTH REQUIREMENTS FOR
ONE-WAY PRIVATE ACCESS EASEMENTS

Be it resolved, by the Board of Commissioners of Forsyth County, North Carolina, that the 
Unified Development Ordinances (UDO) is hereby amended as follows:

Section 1. “Section 3-1.2 or current number SUPPLEMENTAL DIMENSIONAL
REQUIREMENTS (N), WIDTH OF PRIVATE ACCESS EASEMENTS AND
PRIVATE STREETS” is revised by amending said section by replacing the minimum
width requirements entry by adding language for one-way access easements or private
streets as follows:

“Oh an access easement, or private street, connecting a public street or highway to
principal uses which depend upon such easement for access, shall be not less than
twenty-five (25) feet in width (F,W,WA,C)/thirty (30) feet in width (K) for two-
way access and shall be recorded in the office of the Register of Deeds.

In lieu of the twenty-five (25) foot access easement for two-way access,
developments that are approved through a Special Use zoning process or Planning
Board Review process may elect to provide separate one-way ingress and egress
access easements each not less than twenty (20) feet in width.

Any use abutting such easement shall be located on a zoning lot and shall comply
with all dimensional requirements of the applicable district. No zoning permit
shall be issued for a principal use not abutting upon a public street or a private
street which complies with this provision. The width requirement does not apply
to any driveway located on a zoning lot or to any alley”.

Section 2. This Ordinance shall be effective upon adoption.

NOTE: Items to be added are indicated with an underscore.
Be it resolved, by the City County of the City of Winston-Salem, North Carolina, that the Unified Development Ordinances (UDO) is hereby amended as follows:

Section 1. “Section 3-1.2 or current number SUPPLEMENTAL DIMENSIONAL REQUIREMENTS (N), WIDTH OF PRIVATE ACCESS EASEMENTS AND PRIVATE STREETS” is revised by amending said section by replacing the minimum width requirements entry by adding language for one-way access easements or private streets as follows:

“An access easement, or private street, connecting a public street or highway to principal uses which depend upon such easement for access, shall be not less than twenty-five (25) feet in width (F,W,WA,C)/thirty (30) feet in width (K) for two-way access and shall be recorded in the office of the Register of Deeds.

In lieu of the twenty-five (25) foot access easement for two-way access, developments that are approved through a Special Use zoning process or Planning Board Review process may elect to provide separate one-way ingress and egress access easements each not less than twenty (20) feet in width.

Any use abutting such easement shall be located on a zoning lot and shall comply with all dimensional requirements of the applicable district. No zoning permit shall be issued for a principal use not abutting upon a public street or a private street which complies with this provision. The width requirement does not apply to any driveway located on a zoning lot or to any alley”.

Section 2. This Ordinance shall be effective upon adoption.

NOTE: Items to be added are indicated with an underscore.
An Ordinance Amending the Zoning Ordinance, of the Unified Development Ordinances Related to Width Requirements for One-Way Private Access Easements

Be it resolved, by the Board of Aldermen of the Town of Kernersville, North Carolina, that the Unified Development Ordinances (UDO) is hereby amended as follows:

Section 1. “Section 3-1.2 or current number SUPPLEMENTAL DIMENSIONAL REQUIREMENTS (N), WIDTH OF PRIVATE ACCESS EASEMENTS AND PRIVATE STREETS” is revised by amending said section by replacing the minimum width requirements entry by adding language for one-way access easements or private streets as follows:

“An access easement, or private street, connecting a public street or highway to principal uses which depend upon such easement for access, shall be not less than twenty-five (25) feet in width (F,W,WA,C)/thirty (30) feet in width (K) for two-way access and shall be recorded in the office of the Register of Deeds.

In lieu of the twenty-five (25) foot access easement for two-way access, developments that are approved through a Special Use zoning process or Planning Board Review process may elect to provide separate one-way ingress and egress access easements each not less than twenty (20) feet in width.

Any use abutting such easement shall be located on a zoning lot and shall comply with all dimensional requirements of the applicable district. No zoning permit shall be issued for a principal use not abutting upon a public street or a private street which complies with this provision. The width requirement does not apply to any driveway located on a zoning lot or to any alley”.

Section 2. This Ordinance shall be effective upon adoption.

NOTE: Items to be added are indicated with an underscore.
UDO 111
AN ORDINANCE AMENDING
THE ZONING ORDINANCE,
OF THE UNIFIED DEVELOPMENT ORDINANCES
RELATED TO WIDTH REQUIREMENTS FOR
ONE-WAY PRIVATE ACCESS EASEMENTS

Be it resolved, by the Village Council of the Village of Clemmons, North Carolina, that the Unified Development Ordinances (UDO) is hereby amended as follows:

Section 1. “Section 3-1.2 or current number SUPPLEMENTAL DIMENSIONAL REQUIREMENTS (N), WIDTH OF PRIVATE ACCESS EASEMENTS AND PRIVATE STREETS” is revised by amending said section by replacing the minimum width requirements entry by adding language for one-way access easements or private streets as follows:

“An access easement, or private street, connecting a public street or highway to principal uses which depend upon such easement for access, shall be not less than twenty-five (25) feet in width (F,W,W,A,C)/thirty (30) feet in width (K) for two-way access and shall be recorded in the office of the Register of Deeds.

In lieu of the twenty-five (25) foot access easement for two-way access, developments that are approved through a Special Use zoning process or Planning Board Review process may elect to provide separate one-way ingress and egress access easements each not less than twenty (20) feet in width.

Any use abutting such easement shall be located on a zoning lot and shall comply with all dimensional requirements of the applicable district. No zoning permit shall be issued for a principal use not abutting upon a public street or a private street which complies with this provision. The width requirement does not apply to any driveway located on a zoning lot or to any alley”.

Section 2. This Ordinance shall be effective upon adoption.

NOTE: Items to be added are indicated with an underscore.
AN ORDINANCE AMENDING
THE ZONING ORDINANCE,
OF THE *UNIFIED DEVELOPMENT ORDINANCES*
RELATED TO WIDTH REQUIREMENTS FOR
ONE-WAY PRIVATE ACCESS EASEMENTS

Be it resolved, by the Town Council of the Town of Lewisville, North Carolina, that the *Unified Development Ordinances* (UDO) is hereby amended as follows:

**Section 1.** “Section 3-1.2 or current number SUPPLEMENTAL DIMENSIONAL REQUIREMENTS (N), WIDTH OF PRIVATE ACCESS EASEMENTS AND PRIVATE STREETS” is revised by amending said section by replacing the minimum width requirements entry by adding language for one-way access easements or private streets as follows:

“An access easement, or private street, connecting a public street or highway to principal uses which depend upon such easement for access, shall be not less than twenty-five (25) feet in width (F,W,W,A,C)/thirty (30) feet in width (K) for two-way access and shall be recorded in the office of the Register of Deeds.

In lieu of the twenty-five (25) foot access easement for two-way access, developments that are approved through a Special Use zoning process or Planning Board Review process may elect to provide separate one-way ingress and egress access easements each not less than twenty (20) feet in width.

Any use abutting such easement shall be located on a zoning lot and shall comply with all dimensional requirements of the applicable district. No zoning permit shall be issued for a principal use not abutting upon a public street or a private street which complies with this provision. The width requirement does not apply to any driveway located on a zoning lot or to any alley”.

**Section 2.** This Ordinance shall be effective upon adoption.

NOTE: Items to be added are indicated with an underscore.
