**NOTE:** Both general, special use limited, and special use district zoning were discussed with the petitioner(s) who decided to pursue the rezoning as presented. With a General use, all uses in the District must be considered.

| **Neighborhood Contact/Meeting** | The site engineer for the petitioner states that the petitioner is now in the process of contacting the neighboring property owners. |
| **Zoning District Purpose Statement** | The HB District is primarily intended to accommodate retail service and distributive uses. The district is established to provide locations for establishments which require high visibility and good road access, or which cater primarily to passing motorists. However, the district is not intended to encourage or accommodate strip commercial development. Developments in this district generally have substantial front setbacks. This district is intended for application in GMAs 2, 3 and 4. |
| **Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(R)** | (R)(1) - Is the proposal consistent with the purpose statement(s) of the requested zoning district(s)? Yes, the site is within GMA 2 and is a portion of a commercially developed property (zoned HB) which fronts on a Major Thoroughfare. |

**CONFORMITY TO PLANS AND PLANNING ISSUES**

<table>
<thead>
<tr>
<th>Legacy GMA</th>
<th>Growth Management Area 2, Urban Neighborhoods</th>
</tr>
</thead>
</table>

**Relevant Legacy Recommendations**
- Stimulate new development in slow growth areas within the Municipal Services Area.
- Revitalize and concentrate development in downtowns and existing commercial centers, maximizing the density in these areas rather than promoting growth at the suburban fringe.
- Infill development, like any land use issue, must balance the concerns of surrounding residents about the preservation of the character of their neighborhood with the needs of property owners and developers and the goals of the larger community.
### Relevant Area Plan(s)

*South Central Area Plan, 2003*

### Area Plan Recommendations

- The *South Central Area Plan* recommends commercial development for the subject property.

### Other Applicable Plans and Planning Issues

There are two other planning issues pertaining to the subject request which are worth noting.

1) Earlier this year Variance from the Zoning Board of Adjustment was granted which waived the 20’ Thoroughfare Overlay requirement along the exit ramp of US 52. The basis for this variance was the excessive slopes and existing vegetation.

2) The second issue is regarding the uses of the existing and proposed districts. Appendix A includes all the uses permitted within the LI and HB Districts. The uses which are allowed in the proposed HB District which are not allowed in the existing LI District are as follows: Bed and Breakfast; Boarding or Rooming House; Car Wash; Cemetery; Club or Lodge; Convenience Store; Correctional Institution; Food or Drug Store; Funeral Home; Furniture and Home Furnishings Store; Golf Course; Hotel or Motel; Institutional Vocational Training Facility; Library, Public; Motorcycle Dealer; Museum or Art Gallery; Nursery, Lawn and Garden Supply Store; Retail; Outdoor Display Retail; Park and Shuttle Lot; Recreation Services, Outdoor; Recreational Vehicle Park; Restaurant (with drive-through service); Restaurant (without drive-through service); Retail Store; Shopping Center; Stadium, Coliseum, or Exhibition Building; Storage and Salvage Yard; Storage Services, Retail; Theater, Drive-In; Theater, Indoor; Veterinary Services; Child Day Care Center; Habilitation Facility C; School, Private; and School, Public.

### Addressing

No address number or street naming concerns.

### Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(R)

(R)(3) - Have changing conditions substantially affected the area in the petition?

No

(R)(4) - Is the requested action in conformance with *Legacy*?

Yes

### Analysis of Conformity to Plans and Planning Issues

The request is to rezone a portion of a lot which currently has dual zoning. The northern portion of the lot, which is the subject property, is zoned LI and the southern portion is zoned HB. The *South Central Area Plan* recommends commercial zoning for the site. *Legacy* recommends stimulating new development in slow growth, infill areas.

Staff supports the subject request but does note that the loss of industrially zoned property often poses a concern. However, this concern is mitigated by the relatively small size of the subject property and its connection with the adjacent HB zoned site.
RELEVANT ZONING HISTORIES

There are no recent rezoning cases in the vicinity of the subject property.
