Re: Zoning Map Amendment W-3117

Dear Mr. Waterbury:

The attached report of the Planning Board to the City Council is sent to you at the request of the Council Members. You will be notified by the City Secretary’s Office of the date on which the Council will hear this petition.

Sincerely,

A. Paul Norby, FAICP
Director of Planning

CITY ORDINANCE - GENERAL USE

Zoning Petition of Jonathan Waterbury, Docket W-3117

AN ORDINANCE AMENDING THE WINSTON-SALEM CITY ZONING ORDINANCE AND THE OFFICIAL ZONING MAP OF THE CITY OF WINSTON-SALEM, N.C.

_______________________________________

BE IT ORDAINED by the City Council of the City of Winston-Salem as follows:

Section 1. The Winston-Salem City Zoning Ordinance and the Official Zoning Map of the City of Winston-Salem, N.C. are hereby amended by changing from LI to PB the zoning classification of the following described property:

PIN #6835-29-2080

Section 2. This ordinance shall become effective upon adoption.

<tr>
<td>Type of Request</td>
<td>General Use rezoning from LI to PB</td>
</tr>
</tbody>
</table>

**Proposal**

The petitioner is requesting to amend the Official Zoning Maps for the subject property from LI (Limited Industrial District) to PB (Pedestrian Business District).

**NOTE:** General, special use limited, and special use district zoning were discussed with the petitioner(s) who decided to pursue the rezoning as presented. With a General use, all uses in the District must be considered.

**Neighborhood Contact/Meeting**

Petitioner indicated on the application that no neighborhood/community meeting had been held as of that date.

**Zoning District Purpose Statement**

The PB District is primarily intended to accommodate office, retail, service, institutional, and high density residential uses which customarily serve community and convenience business needs of smaller communities and urban nodes in the city and county. The district is intended to encourage the development of attractive, identifiable small towns, and to accommodate the pattern of building in the business concentrations surrounding the central core of Winston-Salem, and the central core of other municipalities in the County. The district should demonstrate pedestrian oriented design through elements such as buildings pulled up to the street, on-street parking, street trees, covered arcades, awnings, storefront display windows, public/private outdoor spaces, wide sidewalks, and building entrances facing the street. This district is intended for application in GMAs (Growth Management Areas) 1 (City/Town Centers), 2 (Urban Neighborhoods), and 3 (Suburban Neighborhoods).

**Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(R)**

(R)(1) - Is the proposal consistent with the purpose statement(s) of the requested zoning district(s)?

The site is located within GMA 1 within the downtown area of Winston-Salem. The site is also adjacent to other PB and PB-S zoning.

**GENERAL SITE INFORMATION**

### Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(R)

(R)(2) - Are the use(s) permitted under the proposed classification/request compatible with uses permitted on other properties in the vicinity?

The uses permitted in the proposed PB District are compatible with the uses permitted in the adjacent PB, CB and GB Districts.

### Physical Characteristics

The site is completely developed with the building footprint.

### Proximity to Water and Sewer

Public water and sewer are available to the site.

### Stormwater/Drainage

No known issues.

### Watershed and Overlay Districts

The site is not located within a water supply watershed.

### Historic, Natural Heritage and/or Farmland Inventories

The subject property is a contributing building in the Downtown North Historic District, which is listed on the National Register of Historic Places. Constructed in 1947, the two-story brick building was the local State Employment Security Building.

### Analysis of General Site Information

The site has no apparent constraints and is suitable for development within the proposed PB District.

### SITE ACCESS AND TRANSPORTATION INFORMATION

<table>
<thead>
<tr>
<th>Street Name</th>

</tr>
</tbody>
</table>

Proposed Access Point(s)

Because this is a General Use request with no site plan, the exact location of access points is unknown. The site is currently accessed from North Liberty Street.

Trip Generation - Existing/Proposed

No trip generation is available for the existing or proposed general use zone with no site plan.

Sidewalks

Sidewalks are located along both sides of all the surrounding streets.

Transit

Route 10 runs along North Liberty Street.

Analysis of Site Access and Transportation Information

The site has good access and staff does not anticipate any negative transportation impacts from this request.
### CONFORMITY TO PLANS AND PLANNING ISSUES

<table>
<thead>
<tr>
<th>Legacy GMA</th>
<th>Growth Management Area 1 – City/Town Centers</th>
</tr>
</thead>
</table>
| **Relevant Legacy Recommendations** | - Develop a larger and broader residential base in and near downtown.  
- Make Downtown Winston-Salem a “vibrant downtown” by providing a safe, clean environment with high-quality public spaces, restaurants and specialty shops, and entertainment, sports and cultural events that will attract people back Downtown to work, shop and live. Retail and office buildings should be near the street and sidewalk. Ensuring buildings have display windows at the sidewalk edge provides an interesting walking environment where pedestrians feel a sense of activity, enclosure and safety. Parking should be located to the rear and sides or under retail and office buildings. |
| **Relevant Area Plan(s)** | *The Downtown Plan* (2007) |
| **Area Plan Recommendations** | - The site is located on the northeast fringe of the North Anchor of the Core District of the Downtown. It is immediately west of the Goler Heights mixed-use district. *The Downtown Plan’s* long term vision is for a pedestrian-oriented retail corridor in the downtown core.  
- Make downtown a destination by creating a core area of vibrant, intense mixed uses in a very pedestrian-friendly environment. Emphasize major employment center, restaurants, supportive and festive retail, entertainment, arts and downtown residential uses. |
| **Addressing** | The address for the building will be changed from North Liberty Street to North Main Street due to the realignment of the street network. |
| **Other Applicable Plans and Planning Issues** | Comments from the Inspections Division: If there is a change of use (or if no use has been established in the structure), permits will be required to establish the use. |
| **Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(R)** | *(R)(3) - Have changing conditions substantially affected the area in the petition?*  
Yes, the general area has seen significant amounts of new residential, commercial and institutional development since 2007.  
*(R)(4) - Is the requested action in conformance with Legacy?*  
Yes |
| **Analysis of Conformity to Plans and Planning Issues** | The request is to rezone a small parcel from LI to PB. Currently located on the site is an 8,790 sf commercial building used as an artist studio and single family residence. Residential uses are not permitted within the LI District.  
Streets with sidewalks on both sides are prevalent in the general area. The site is also adjacent to other PB and PB-S zoned properties and is within an area that has seen significant commercial and residential investment over the last several years. *The Downtown Plan’s* long term vision is for a pedestrian-oriented retail corridor in the downtown core. |
Given the surrounding development and zoning pattern, along with the site’s location in downtown Winston-Salem, the proposed PB District is a more appropriate district and is more consistent with the pedestrian oriented recommendations of *Legacy* and *The Downtown Plan* than the existing LI District.

**STAFF RECOMMENDATION:**  
Approval

**NOTE:** These are staff comments only; final recommendations on projects are made by the City-County Planning Board, with final decisions being made by the appropriate Elected Body, who may approve, deny, table or request modification for any project. THE APPLICANT OR REPRESENTATIVE IS STRONGLY ENCOURAGED TO ATTEND THE PUBLIC HEARINGS WHERE THE CASE WILL BE CONSIDERED BY THE PLANNING BOARD AND THE ELECTED BODY.
Gary Roberts presented the staff report.

**PUBLIC HEARING**

FOR:

Brice Shearburn, 3010 N. Main Street, Winston-Salem, NC  27101
  • Mr. Roberts has appropriately identified the request, the proposed uses, the adjoining properties, uses in the downtown area. This is an area we are trying to promote as a pedestrian friendly area. There are numerous properties zoned PB, Pedestrian Business District.
  • This use is appropriate based on surrounding uses.
  • We've seen numerous structures where industrial facilities have been adapted over the years to accommodate the entertainment and living vision for this area of downtown.

AGAINST:

Don Nielsen, 100 N. Cherry Street, Winston-Salem, NC  27101
  • Submitted handouts.
  • I'm here on behalf of the neighboring property owners and businesses including Ziggy's.
  • The neighbors' concerns are that certain PB uses are not in harmony with the neighborhood as it is today. Including those uses in the proposal before you today would result in conflict and tension.
  • In particular residential uses are not compatible with high intensity uses such as large nightclubs and in many cases may not be compatible with a vibrant entertainment district that will cater to 18-34 year olds.
  • There is a place for both high and low intensity uses downtown, but at least in Winston-Salem today they don't work well in close proximity.
  • Ziggy's opened here in August. They have done very well. Before they chose to relocate to this site, they searched extensively for a site which would not be close to residential properties. They are an extremely popular facility and as a result had problems with neighbors in a previous location. They did not want that to happen again.
  • The City supported this location and provided a loan to assist them.
  • We've needed a large music venue downtown and this can only help the community.
  • Legacy encourages this type of use in this type of location.
• The Downtown Entertainment District should be primarily entertainment facilities with food rather than restaurants with a little bit of entertainment.
• It's easy to predict what's going to happen if there are residents near a large nightclub.
• If this property is rezoned to PB general use and residences are placed here, the same problems which Ziggy's has worked so hard to avoid will be happening again.
• The Planning Board takes great care not to place low and high intensity uses next to each other.
• Many of the controversial cases which come before this board are just about keeping low and high intensity uses separated.
• What makes this request different is that a high intensity use is requesting protection so it can operate in accordance with downtown plans.
• The PB zoned property in this area is controlled by Ziggy's or related companies.
• More importantly, this is the first rezoning since Ziggy's opened up.
• Ziggy's has established a large scale entertainment facility which is something downtown has wanted and needed.
• It shouldn't be put at risk.
• PB allows an odd mix of uses - both high and low intensity. It's designed for small towns where you probably wouldn't even have entertainment facilities like Ziggy's.
• A single family home may be allowed near a night club in PB, but in most cases it shouldn't be.
• The Downtown Plan calls for residential and commercial uses. That doesn't mean they have to be together.
• If residential is allowed everywhere there won't be a place for a large music venue like Ziggy's.
• The Winston-Salem noise ordinance is focused on protecting homes.
• Ziggy's is just getting started by 10 or 11 at night.
• Zoning is intended to reduce the friction between high and low intensity uses.
• The UDO specifically asks this board and the City Council to consider what is compatible with other uses in the vicinity.
• Ziggy's is here. People are glad it's here. It was here first. It's in line with Legacy and the downtown plans and it helps define the neighborhood.
• Zoning classifications help protect nearby property owners and substantial weight should be given to the impact on them.
• Businesses and property owners have made significant investments into this area based on the knowledge that residential uses could not be placed here.
• If this petition is approved today it will create a problem where none exists today.
• Mr. Waterbury did not, to our knowledge, seek out his neighbors' opinions.
• Ziggy's and other property owners in the area would support PB-S zoning without residential uses and other uses which might not be compatible.
• This is becoming a truly urban entertainment area.
• Residential does not make sense right here and is a threat to Ziggy's and other entertainment facilities in the area.
• We respectfully request that this PB request be denied unless residential is removed.
• PB zoning without residential would preserve the investment and commitment that the property owners and the City have made in relocating Ziggy's to North Trade Street.

**WORK SESSION**

During discussion by the Planning Board, the following points were made:

1. Clarence Lambe clarified that the triangular tract on the southwest side of this site next to the LI was zoned CB. All the surrounding properties except the LI currently allow residential. CB and GB zoned land borders half the property line.

2. Lynne Mitchell: The Winston-Salem Rescue Mission which has just made a major expansion is located nearby and they shelter families. There is also a condo which is controlled by people connected with Ziggy's.

3. Clarence Lambe: I'm very sensitive to us approving residential so close to industrial because there are so many problems. But it looks like this property is half surrounded by LI and half by property that currently allows residential.

4. Brenda Smith: What stands out to me is that even though the property may be controlled by those with vested interests in Ziggy's, people still live there. So the presumption is that anyone who's there won't complain about noise at all? Don Nielsen: I can guarantee that the people who live there now won't complain. That property was already zoned to allow residential before Ziggy's moved in so we can't do anything about that. We can only work from this point forward.

5. Lynne Mitchell: Does Ziggy's have outdoor music? Don Nielsen: There will be people lining up to get in and music can escape from Ziggy's. We can't totally prevent that.

6. Allan Younger: Let me clarify. The only reason you're opposed to residential is because you think residents might complain about Ziggy's making noise? Don Nielsen: We strongly believe that will happen. In fact it has happened already.

7. Chairman King asked the petitioner if they were aware of Ziggy's. Brice Shearburn stated that they were certainly aware of it and it is a wonderful enhancement to the entertainment district. I'm a bit confused about how the "controlled" properties zoned PB or CB with residential uses in place are somehow different from a third party that wants to live somewhere of his choosing. Under the circumstances it appears that the objection is one that would propose to limit the perception of Ziggy's. I don't have anything else to say and neither does Mr. Waterbury on that point. There is noise all along Fourth Street. That's one of the prices and privileges of living in an urban environment.
8. Brenda Smith: The railway there is still active.

9. Clarence Lambe: You'd think that residents thinking of moving into this building would be aware of noises.

10. Allan Younger: My thought is if it makes sense to approve it without speculation as to whether there will be noise complaints which we don't oversee anyway, then we should approve it.

11. Arnold King: I'm on the fence but will probably vote against it because I don't want to create another problem for the City.

MOTION: Allan Younger moved approval of the zoning map amendment.
SECOND: Clarence Lambe
VOTE:
   FOR: Wesley Curtis, Clarence Lambe, Barry Lyons, Lynne Mitchell, Paul Mullican, Brenda Smith, Allan Younger
   AGAINST: Arnold King
   EXCUSED: None

The proposed general use rezoning from LI (Limited Industrial District) to PB (Pedestrian Business District) is consistent with the *Legacy Comprehensive Plan*, and the *Downtown Area Plan* and is reasonable and in the public interest because:

1. The site is located within the GMA-1 within the downtown area of Winston-Salem and is adjacent to other PB and PB-S zoning;

2. The uses permitted in the proposed PB District are compatible with the uses permitted in the adjacent PB, CB and GB Districts;

3. PB is a more appropriate district for this area than LI;

4. The site has no apparent constraints and appears to be suitable for the development within the proposed PB District.
DENIAL
STATEMENT REGARDING CONSISTENCY WITH COMPREHENSIVE PLAN
W-3117
(JONATHAN WATERBURY)

While the proposed general use rezoning from LI (Limited Industrial District) to PB (Pedestrian Business District) is consistent with the Legacy Comprehensive Plan, and the Downtown Area Plan, it is not reasonable and in the public interest because the proposed rezoning is inconsistent and incompatible with the LI zoned property adjacent to the subject site.
