**Proposal**
The petitioner is requesting to amend the Official Zoning Maps for the subject property from RS-7 (Residential Single Family; 7,000 sf lot size) to NO-L (Neighborhood Office – Special Use Limited Zoning). The petitioner is requesting the following uses:

- Professional Office; Offices, Miscellaneous; and Residential Building, Single Family

**Zoning District Purpose Statement**
The NO District is primarily intended to accommodate very low intensity office uses within converted single family detached units. The district is intended to be located on the periphery of established residential areas and along major and minor thoroughfares. The district is established to provide convenient locations for offices, the size and operating characteristics of which require limited parking and which generate little traffic. Standards are designed so that this district may serve as a transitional land use between residential districts and commercial districts. This district is intended for application in Growth Management Areas 2, 3, and 4.

**(S)(1) - Is the proposal consistent with the purpose statement(s) of the requested zoning district(s)?**
Yes, the site is located within GMA 2 and is located on a minor thoroughfare.

</tbody>
</table>

**Analysis of General Site Information**

The subject property is 0.22 acres in size and is located on the northwest side of Glenn Avenue, south of Sherbrooke Drive. The site contains a small home (+/- 768 sf) built in the 1950’s. The site’s topography is flat; however, the site is elevated from Glenn Avenue.

</tbody>
</table>

**Proposed Access Point(s)**

Since this is a Special Use Limited (SUL) rezoning request, the exact location of access points is unknown. The site does have public road frontage on Glenn Avenue.

**Planned Road Improvements**

The Thoroughfare Plan recommends that Glenn Avenue be constructed as a three lane cross section with sidewalks and curb & gutter.

**Trip Generation - Existing/Proposed**

- **Existing Zoning:** RS-7
  - 1 unit = 10 Trips per Day
- **Proposed Zoning:** NO-L
  - \( 768 / 1,000 \times 11.01 \) (General Office Trip Rate) = 8 Trips per Day

**Sidewalks**

None existing

**Traffic Impact Study (TIS)**

Not required

**Analysis of Site Access and Transportation Information**

The request does not appear to generate any negative transportation impacts.

### CONFORMITY TO PLANS AND PLANNING ISSUES

**Legacy GMA**

GMA 2 (Urban Neighborhoods)

**Relevant Legacy Recommendations**

*Legacy* recommends managing growth by making more efficient use of land that has already been developed, encouraging reuse and infill and capitalizing on other development opportunities. Older urban and suburban neighborhoods should be reinforced as good places to live and
do business. It encourages redevelopment and reuse of existing sites and buildings which are visually compatible with the surrounding area.

**Relevant Area Plan(s)**

Carver Road/Ogburn Station Development Guide (adopted 1991); Draft Northeast Area Plan (Not yet adopted)

**Area Plan Recommendations**

The site is located in an area designated for low-density residential use in the Carver Road/Ogburn Station Development Guide. While the Draft Northeast Area Plan does not specifically propose any change in the land use for the site at this time, staff is discussing plan revisions for this general area.

**Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(S)**

(S)(3) - Have changing conditions substantially affected the area in the petition?

No

(S)(4) - Is the requested action in conformance with *Legacy*?

Yes

**Analysis of Conformity to Plans and Planning Issues**

Staff views the subject property as suitable for the low-intensity office conversion that is being requested. The site is located across Glenn Avenue from properties zoned GB and GI, with both districts allowing a wide range of very intense uses. Staff believes this request is reasonable by allowing an adaptive reuse of the existing structure for office use. The request is consistent with the recommendations of *Legacy* which mentions “encouraging reuse and infill and capitalizing on other development opportunities.”

**Generalized Recommended Conditions**

**BRIEF DESCRIPTION OF CONDITION(S):**

- Condition requiring the existing home to remain
