Proposal

The petitioner is requesting to amend the Official Zoning Maps for the subject property from LO-S Limited Office District (Medical and Surgical Offices) to LO-L Limited Office Limited District. The petitioner is requesting the following uses:

- Medical and Surgical Offices; Offices, Miscellaneous; and Professional Office

Zoning District Purpose Statement

The LO District is primarily intended to accommodate moderately intense medical, professional, administrative, and government office uses on small to mid-sized sites, in a suburban setting. The district is typically located near the intersection of a collector street or thoroughfare in areas which are otherwise developed with residences. Standards are designed so this district may serve as a transition between residential districts and commercial districts. This district is intended for application in Growth Management Areas 2 and 3.

Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(S)

(S)(1) - Is the proposal consistent with the purpose statement(s) of the requested zoning district(s)?

While the LO-S zoned site is not located near an intersection, it is an existing situation.

### CONFORMITY TO PLANS AND PLANNING ISSUES

#### Legacy GMA
- Growth Management Area 3, (Suburban Neighborhoods)

#### Relevant Legacy Recommendations
- **Infill and Redevelopment:** Encourage redevelopment and reuse of existing sites and buildings which are visually compatible with the surrounding area. (p.133)
- **Infill and Redevelopment:** Increased infill development could bring new opportunity and improved quality of life for residents within the MSA, especially for neighborhoods within the city. Increased tax base, property values, jobs closer to home and increased investment and amenities in these neighborhoods are some of the potential benefits. (p.38)
- **Infill and Redevelopment:** Manage growth by making more efficient use of land that has already been developed, encouraging reuse and infill and capitalizing on other development opportunities. Older urban and suburban neighborhoods should be reinforced as good places to live and do business. (p. 25)

#### Relevant Area Plan(s)
- The site is not within the boundaries of an area plan or development guide.

#### Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(S)
- (S)(3) - Have changing conditions substantially affected the area in the petition?
  - No
- (S)(4) - Is the requested action in conformance with Legacy?
  - Yes

#### Analysis of Conformity to Plans and Planning Issues
- The subject property was rezoned as an adaptive reuse of a single family residence to LO-S, Medical and Surgical Offices, in 1986. The current request would allow two additional office uses to occur on the site while still retaining said structure with no proposed exterior alterations. While Planning staff would not be supportive of wide scale office conversions along this portion of West Clemmonsulsive Road, the additional uses on the subject property should not generate any off-site impacts beyond what is already occurring. In addition, it would allow for greater flexibility in the use of the site.

### CONCLUSIONS TO ASSIST WITH RECOMMENDATION

- The request will provide greater flexibility for the use of the site which is already zoned LO-S.
- Request would retain the existing structure which helps to retain the residential character of the street.
