## Zoning District Purpose Statement

The HB District is primarily intended to accommodate retail service and distributive uses. The district is established to provide locations for establishments which require high visibility and good road access, or which cater primarily to passing motorists. However, the district is not intended to encourage or accommodate strip commercial development. Developments in this district generally have substantial front setbacks. This district is intended for application in Growth Management Areas 2, 3, and 4.

### UDO Sections Relevant to Subject Request
- Section 2-1.3(I) HB District

### Complies with
- (A) Legacy policies: Yes
- (B) Environmental Ord.: Yes
- (C) Subdivision Regulations: NA

### Analysis of Site Plan Compliance with UDO Requirements
The site plan proposes a 9,000 square foot bank with drive-through service. When the subject property was rezoned to B-3-S in 1994, the eastern 1/3 of the site was designed out, with the remainder of the subject property shown as Two-Phase zoning. Since the current request proposes a design that does not match what was shown on the original approved site plan, a site plan amendment is required.
