Planned Road Improvements

Grandview Club Road is scheduled to be improved to a three lane road with curb and gutter, wide outside lanes, and sidewalks.

Trip Generation - Existing/Proposed

Existing Zoning LB-S Trip Rate for High Quality Restaurant was used for this calculation.

11,669/1,000 sq ft x 89.95 (Trip Rate) = 1,050 Trips Per day

Proposed Zoning RS-9

5.28 x 43,560 / 9,000 + 26 units x 9.57 (SFR Trip Rate) = 274 Trips Per day

Sidewalks

N/A

Transit

N/A

Analysis of Site Access and Transportation Information

Access to the site is adequate and the proposed zoning change generates fewer trips per day than the existing zoning.

CONFORMITY TO PLANS AND PLANNING ISSUES

Legacy GMA

Growth Management Area 3, Suburban Neighborhoods
Relevant Legacy Recommendations

- Legacy recommends managing growth by making more efficient use of land that has already been developed, encouraging reuse and infill and capitalizing on other development opportunities. Older urban and suburban neighborhoods should be reinforced as good places to live and do business.

Relevant Area Plan(s)
The subject property is not within the boundaries of an Area Plan or Development Guide

Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(S)

(S)(3) - Have changing conditions substantially affected the area in the petition?
No.

(S)(4) - Is the requested action in conformance with Legacy?
Yes.

Analysis of Conformity to Plans and Planning Issues
The subject property is directly accessed off Grandview Club Road and is currently in use as the club house for Grandview Golf Course. The subject property is located within GMA 3 Suburban Neighborhoods. The subject property is not located within any area plan. However, Legacy does recommend managing growth through more efficient use of land that has already been developed. The subject property is adjacent to RS-9 zoned property on each of its sides. The proposed RS-9 District is within the low density range, compatible with the surrounding zoning districts, and the recommendations of Legacy.

PUBLIC HEARING

FOR:

Doug Stimmel, 601 N. Trade Street, Suite 200, Winston-Salem, NC 27101
- This is a down zoning of an existing property. It's just a club house going back to single family.
- I've spoken with the opponent today who is concerned about this being turned into a RS-9 subdivision or development. It's already RS-9.
- We aren't hiding anything from the neighborhood. We've met with them and they're okay with what we're doing.

AGAINST:

Debra Perkins, 3526 Grandview Club Road, Pfafftown, NC 27040
- My family has lived here 21 years and the golf course has been a great neighbor. It's an asset to our neighborhood.
- I really have mixed feelings about being in opposition because I know some of the owners and what they're dealing with. Their property taxes have doubled just like ours have.
- I'm just afraid of how many houses could be placed on this site. There's already so much housing in the area and if we give up the green space, it's gone forever.
- Is there a way to put covenants on the site or limit the number of lots that can be developed?

WORK SESSION

During discussion by the Planning Board, the following points were made:

1. Arnold King explained that the only changing in this request is the club house. The golf course is already RS-9 and by right the owners could develop that property at any time.

MOTION: Clarence Lambe moved approval of the zoning map amendment.
SECOND: Paul Mullican
