| Zoning District Purpose Statement | The PB District is primarily intended to accommodate office, retail, service, institutional and high density residential uses which customarily serve community and convenience business needs of smaller communities and urban nodes in the city and county. The district is intended to encourage the development of attractive, identifiable small towns, and to accommodate the pattern of building in the business concentrations surrounding the central core of Winston-Salem, and the central core of other municipalities in the County. The district should demonstrate pedestrian oriented design through elements such as buildings pulled up to the street, on-street parking, street trees, covered arcades, awnings, storefront display windows, public/private outdoor spaces, wide sidewalks, and building entrances facing the street. This district is intended for application in Growth Management Areas 1, 2 and 3. |
| Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(S) | (S)(1) - Is the proposal consistent with the purpose statement(s) of the requested zoning district(s)? Yes |

**GENERAL SITE INFORMATION**

| Location | South side of Waughtown Street across from Butler Street |
| Jurisdiction | City of Winston-Salem |
| Ward(s) | Southeast |
| Site Acreage | Approximately ± .5 acre |
| Current Land Use | The site is developed with a two story residential structure and a one story commercial building and associated parking. |
| **Surrounding Property Zoning and Use** |  |
| **Direction** | **Zoning District** | **Use** |
| North | RS-9 | Single family homes |
| East | LB-S | Small auto related business |
| South | RS-9 | Single family homes |
| West | RS-9 | Single family homes |
| **Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(S)** | (S)(2) - Is/are the use(s) permitted under the proposed classification/request compatible with uses permitted on other properties in the vicinity? The proposed PB-L District removes some of the uses which may not be compatible with the single family homes that adjoin the site on three sides of the site. These uses are: ABC Store; Convenience Store; Motor Vehicle Repair and Maintenance; and Restaurant. The petitioner has volunteered to exclude these uses which address staff concerns while maintaining the limited nature of Special Use Limited zoning. |
### Physical Characteristics
The site is developed and relatively flat.

### Proximity to Water and Sewer
Public water and sewer are available.

### Stormwater/Drainage
No known issues.

### Watershed and Overlay Districts
The subject property is not located within a water supply watershed.

### Historic, Natural Heritage and/or Farmland Inventories
The subject property is located in the Waughtown/Belview National Register Historic District and contains two contributing buildings to that District. The first building, located at 2300 Waughtown Street, is a commercial building that dates from c. 1945. It is a one-story, brick structure with a stepped parapet roof with tile coping. The 1950 City Directory lists the occupant as the Waughtown Grill, William Cumbie, proprietor. The second building, located at 2302 Waughtown Street, is a two-story I-house that dates from c. 1870. The 1950 City Directory lists the occupant as William Bolin, a grocer. While staff believes PB zoning may be appropriate for this site (particularly given that a commercial structure is located on a portion of the property), it is extremely important that the residential structure remain to reflect the historic character of Waughtown Street.

One of the conditions of the proposed PB-L request is for the retention of two said historic structures.

### Analysis of General Site Information
The subject property contains two contributing structures within the Waughtown/Belview National Register Historic District. Staff recommends a condition that said structures remain as volunteered by the petitioner.

The only access to the site is from Waughtown Street.

The Thoroughfare Plan recommends sidewalks along Waughtown Street in places where no sidewalks currently exist.

Existing Zoning: RS-9
.5 acre x 43,560 sf / 9,000 = 2 units x 9.57 (SFR Trip Rate) = 19 Trips per Day

Proposed Zoning: PB-L
No trip generation rates available as no site plan is submitted with limited special use requests.

Sidewalks
Sidewalks are located along both sides of Waughtown Street along the frontage of the site.
### Transit

**Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(S)**

(S)(3) - Have changing conditions substantially affected the area in the petition?

No.

(S)(4) - Is the requested action in conformance with Legacy?

See comments below.

### Analysis of Conformity to Plans and Planning Issues

According to the Inspections Division, both of the structures on the subject property have a history of commercial use. The commercial building on the western portion of the site had a nonconforming pool hall and grocery store in the 1980s. However, the nonconforming status was lost some time after that and the existing uses of a beauty shop, barber shop and telephone business are in violation of the RS-9 District. For contextual considerations the residential structure on the eastern side is directly adjacent to an automotive business zoned LB-S.

The proposed PB-L District includes the following two conditions:

1. The two existing structures shall be retained on the subject property.
2. The uses for the subject property shall include all the uses allowed in the PB Pedestrian Business (PB) Zoning District with the exception of the following uses: Motor Vehicle, Repair and Maintenance; Motor Vehicle, Rental and Leasing; ABC Store; Convenience Store; and Restaurant (without drive-through service.)

Therefore, Planning staff suggests the subject request is generally consistent with the recommendations of Legacy and the Southeast Winston-Salem Area Plan.

SITE-SPECIFIC RECOMMENDED CONDITIONS OF APPROVAL

The following proposed conditions are volunteered by the petitioner and are proposed in order to meet codes or established standards, or to reduce negative off-site impacts.

OTHER REQUIREMENTS

a. The two existing structures shall be retained on the subject property.
b. The uses for the subject property shall include all the uses allowed in the PB Pedestrian Business (PB) Zoning District with the exception of the following uses: Motor Vehicle, Repair and Maintenance; Motor Vehicle, Rental and Leasing; ABC Store; Convenience Store; and Restaurant (without drive-through service).

STAFF RECOMMENDATION: APPROVAL

NOTE: These are staff comments only; final recommendations on projects are made by the City-County Planning Board, with final decisions being made by the appropriate Elected Body, who may approve, deny, table or request modification for any project. THE APPLICANT OR REPRESENTATIVE IS STRONGLY ENCOURAGED TO ATTEND THE PUBLIC HEARINGS WHERE THE CASE WILL BE CONSIDERED BY THE PLANNING BOARD AND THE ELECTED BODY.

PUBLIC HEARING- March 8, 2007

Gary Roberts presented the staff report.

Arnold King asked if the Petitioner wanted to continue the case or wanted it to be heard by the Board today.

Gary Roberts stated that the petitioner would like the case to be heard today.

Arnold King asked why PB (Pedestrian Business zoning) would have uses that would be detrimental to a neighborhood.
Paul Norby stated that unfortunately when the *Unified Development Ordinance* was adopted, there were a number of uses put into the PB district that could cause some concern. David Reed added that when they were picking areas to map as PB, some of them had a few existing uses in them that were not conforming, so rather than making them nonconforming, the decision was to write those uses into the PB District. That is how a number of those got left in there.

Arnold King stated that this forces people to come with Special Use when they want to do PB zoning.

**PUBLIC HEARING**

**FOR:**

Ola Morris, 2218 Waughtown St., Winston-Salem, NC 27107
- She purchased this property in 1987.
- She has businesses there. She is not changing anything.
- Was not aware that property was not zoned correctly until she received letters from Mr. Sprinkle.
- She helped write the proposal for Waughtown to get the $65.5 million.
- She helped cleaned up Waughtown.
- She was told that she has to be rezoned, and that she had 10 days to come down and pay $1,000 to get rezoned and she did.
- She is not planning to make any changes. It is her family business.
- She is not asking for any changes.
- She does not want an auto center. She is not going to open an ABC store.
- She is not here to deteriorate Waughtown.

Arnold King asked what initiated this request for rezoning.

Inspections staff stated that their files indicated that back in the 1980’s non-conformity was established. Someone contacted the Inspections Office recently to question the legality of the uses. Inspections staff determined that the property is non-conforming. Inspections sent her notice of violation indicating that she would have to address the change and either abandon those uses or come into compliance with rezoning. That was what was suggested to her in order to keep what was there.

Gary Roberts stated that if the applicant wanted to switch to Conditional Use, there would be no additional cost. If she were to convert to a special use district, there would be a site plan necessary. In order to determine if City Council approves Conditional Use Zoning, the case would need to be continued until May.

**AGAINST:** None
WORK SESSION

During discussion by the Planning Board, the following points were made:

1. None of the current uses seem detrimental to the neighborhood.

2. It might be best for the applicant to request a continuance until the May 10, 2007 public hearing. She should also change her request to Conditional use during this time if the City Council makes a favorable decision for Conditional Use Zoning before the May 10, 2007 public hearing.
