ANALYSIS

The only thing under review in this case is the zoning conversion from County RS-9 to City RS-9 resulting from the annexation of the subject property. The Planning Board's role in reviewing this petition pertains only to the zoning jurisdiction. The decision to annex the property was made by the City Council after review by the Public Works Committee.

This proposal will not change the permitted uses of the subject property, but will reclassify the newly incorporated property from its Forsyth County zoning classification to the equivalent City of Winston-Salem zoning classification. The two zoning classifications are equivalent and there are no changes in development rights or constraints.

The property owners were notified of this necessary zoning classification change by first class mail.

STAFF RECOMMENDATION

Zoning: APPROVAL.
