HISTORY

Relevant Zoning Cases:

1. W-2360; RS-9 to GO-S (Banking and Financial Services; and Professional Office); approved January 3, 2000; northwest side of Westbrook Plaza Drive, west of Stratford Road, 150 feet south of current site; 10.01 acres; Planning Board and staff recommended approval.

2. W-1049; R-5 to R-1-S (Offices; and Dwelling, Single Family); approved August 1, 1983; south side of Vest Mill Road, east of Fentriss Street, 200 feet west of current site, 4.48 acres; Planning Board and staff recommended approval.
3. W-941; R-5 to R-1-S (Offices); approved May 17, 1982; west side of Genia Drive, south of Vest Mill Road, portion of current site; 0.50 acre; Planning Board and staff recommended approval.

4. W-895; R-5 to B-3; approved October 5, 1981; southeast corner of Genia Drive and Vest Mill Road, across Genia Drive from current site; 1.2 acres; Planning Board and staff recommended approval.

CONFORMITY TO PLANS

GMP Area (Legacy): Suburban Neighborhoods (GMA 3).
Relevant Comprehensive Plan Recommendation(s): Legacy's Growth Management Plan designates the area around Hanes Mall as a Metro Activity Center. Further work is needed to identify more precisely the boundaries of this activity center.
Relevant Development Guide Recommendation(s): The development guide recommends the site for office uses.

ANALYSIS

The subject request is to rezone a 0.80 acre parcel located on the west side of Genia Drive from GO-S and RS-9 to LB-S. Specifically, the petition would allow for motor vehicle rental and leasing along with multiple office uses. Currently located on the site are two single family residences. The northernmost portion of the property was rezoned from single family residential to R-1-S, (GO-S), for office use in 1982 with Planning Board and staff recommended approval.

The petitioner has been cited by the Inspections Division for parking “Ryder” type trucks on the subject property, hence the request for rezoning to LB-S. The trucks are associated with the Hauser Rental operation which is located to the east directly across Genia Drive from the subject property.

While a portion of the subject property and the small parcels to the immediate south and west are zoned RS-9, an expanded view of the surrounding properties reveal a clear distinction of land uses with Genia Drive/WestBrook Plaza Drive and Vest Mill Road serving as the dividing line. Located on the west side of said streets are numerous new and established office developments including the recently completed ±88,000 square foot Allegacy Federal Credit Union. To the east of said streets and generally oriented to Stratford Road, are multiple commercial and service type operations all zoned either GB, GB-S or HB-S. This development pattern has occurred in a manner consistent with the South Stratford Road Development Guide since its adoption in 1989. The plan recommends office uses for the subject property as well as all the remaining properties to the west side of Genia Drive. More intensive commercial uses are recommended to the east. Such adherence to the plan, has, in staff’s opinion, increased the degree of predictability for private investment decisions and in turn significantly contributed to the areas attractiveness for large scale, higher quality office development on the west side of Genia Drive and Westbrook Plaza Drive.
If approved, staff sees the current request as setting a precedent for piecemeal commercial development west of Genia Drive/Westbrook Plaza Drive, which is inconsistent with the development guide and which could undermine the trend of higher quality office development in the area.

**FINDINGS**

1. *Legacy* designates the area around Hanes Mall as a Metro Activity Center.

2. The *South Stratford Road Development Guide* (1989) recommends the subject site to be used for office.

3. The proposed LB-S request would introduce commercial uses on the west side of Genia Drive which are inconsistent with the recommendations of the development guide and incompatible with the development pattern on that side of the street.

**STAFF RECOMMENDATION**

Zoning: **DENIAL.**

Site Plan: Staff certifies that the site plan meets all code requirements, and recommends the following conditions:

**C OTHER REQUIREMENTS**

a. Signage shall be limited to only one (1) freestanding monument sign limited to a maximum height of five (5) feet and a maximum copy area of thirty six (36) square feet.

b. Streetyard and bufferyard trees shall be of a large variety as defined in UDO Section 3-4.10.

Gary Roberts presented the staff report.

**PUBLIC HEARING**

FOR:

Don Troutman, Hauser Rental Service, 1511 S. Stratford Road, Winston-Salem, NC  27103

We moved our tool division to the Vest Mill location. This is the location where we keep our Ryder vehicles when they are not leased. Ryder vehicles are usually leased Thursday or Friday to Monday or Tuesday.

We've agreed to plant Leyland Cypress along the property line with Mr. Robert Allen to totally block his view. That was his only objection and we feel like we've met his objection.

The additional uses are listed at the suggestion of Planning staff. If we ever looked toward using these buildings for anything except rental, we would probably tear them down and start over.

There are usually four or five vehicles there for a few days a week.
AGAINST:

Don Williams, P. O. Box 16, Kernersville, NC  27284  
Building Manager for Mr. Allen.  
Mr. Allen is in total disagreement with having the trucks there.  When the trucks start up, the fumes come into the lower level of the office building.  The rental building looks terrible which doesn't help our office building.  There are also a couple of cars up on blocks in front of the building, so it looks like a used car lot.  They also have a Rottweiler tied up out there.  The buffer is not Mr. Allen's only objection.  Although it is not a frequent traffic generator, the vehicles do come in and out more than just on weekends and they are disruptive.

Bowen Houff, P. O. Drawer 25008, Winston-Salem, NC  27114  
Represent Allegacy, one lot away.  
The trend in this area is for more office uses.  
We believe it is important that the City adhere to development plans, not only to ensure development, but to encourage renewed reliance upon these guides that preserves the integrity of other development plans.  
Developers need to be assured that they can invest in planned development with confidence that unexpected and unplanned development doesn’t spring up nearby.  
The placement of heavy trucks for lease is simply not compatible with these offices.  
We have a great deal of concern about traffic patterns here.  We're concerned about people trying to turn here in a vehicle with which they are not familiar, on a Monday morning, etc.

Torri Plemmons, 1488 Cedar Fork Road, Clemmons, NC  27012  
I represent my mother, Francis Smith, who is the owner of the property at 5370 Alamo Drive.  
Thank you for giving us the opportunity to express our concerns.  
We've always known this road as Genia Drive.  We recently received notice that the address had been changed to 1614 Vest Mill Drive.  
Prior to the Allegany Credit Union being built here, Mr. Hauser would use our property to park his trucks.  We asked him several times not to do so.  
The rental houses are very tacky.  There are numerous rental trucks here, not just a few.  
This road is not adequate for the volume of traffic it serves.

WORK SESSION
