ANALYSIS

The current rezoning request consists of a 63.92 acre tract located on the west side of Peters Creek Parkway south of South Fork Muddy Creek. Specifically under review is the associated zoning conversion from County RS-9, RM-18-S, and NSB-S to City RS-9, RM-18-S, and NSB-S resulting from the annexation of the subject property. The Planning Board's role in reviewing this petition pertains only to the zoning jurisdiction. The decision to annex the property is made by the Board of Aldermen upon recommendation by the Public Works Committee.

This proposal will not change the permitted uses of the subject property, but will reclassify the newly incorporated property from its present Forsyth County zoning classification to the equivalent City of Winston-Salem zoning classification. The two zoning classifications are equivalent and there are no changes in development rights or constraints.

The property owners were notified of this zoning classification change by certified mail and the certified receipt is on file in the zoning docket.
