**CONFORMITY TO PLANS**

*Legacy* GMP Area: Suburban Neighborhoods.

**Relevant Comprehensive Plan Recommendation(s):** *Legacy* promotes higher density development where appropriate and mixed-use developments with an interconnected street and pedestrian system.

**Area Plan/Development Guide:** The site is not within the boundaries of a development guide or an area plan, however, it is adjacent to the southern boundary of the *Country Club/Jonestown Area Plan*.

**Relevant Development Guide Recommendation(s):** No commercial or business uses south of US 421; and higher density multifamily developments should be located close to interchanges of major roads.

**Thoroughfare Plan:** The Northern Beltway project includes plans to redevelop the Peace Haven Road/US 421 interchange.

**GREENWAY/RECREATION/OPEN SPACE REVIEW**

*Greenway Plan:* *Legacy*.

**Greenway/Trail Name:** Silas Creek Greenway Trail.

**Easement Requested:** 40 feet.

**Side of Creek:** West.

**Comments:** The plan recommends extending the existing Silas Creek Greenway Trail to the southwest to ultimately join the proposed Muddy Creek Trail.
ANALYSIS

The subject petition is for a 252-unit multifamily development on approximately 25.7 acres of land along with two single family home lots fronting on Peace Haven Road. The proposed density is 9.8 units per acre. The site is located at the southeast corner of US 421 and Peace Haven Road and borders Silas Creek on the east. The proposed Northern Beltway alignment runs west of this site and the US 421/Peace Haven Road interchange will be redesigned to accommodate the beltway. The proposed plan reflects the ultimate right-of-way for the interchange improvements. At present, the Peace Haven Road bridge over US 421 is two lanes and suffers significant congestion at peak hours. The proposed improvements, which are scheduled to begin in April 2002, include a six-lane bridge with double left turn lanes onto southbound US 421.

The Legacy comprehensive plan promotes higher density development where appropriate and mixed-use developments with an interconnected street and pedestrian system. The site is not within the boundaries of a development guide or an area plan, however, it is adjacent to the southern boundary of the Country Club/Jonestown Area Plan. The area plan has recommendations for the northwest and northeast corners of the interchange and recommends moderate density residential uses for those sites. The plan also recommends that no commercial or business uses be allowed south of US 421 and that in general, higher density multifamily developments should be located close to interchanges of major roads. This petition is consistent with those recommendations.

Under the existing RS-9 zoning, the subject site could be developed with a Planned Residential Development (PRD). A development similar to the Regents Village development across Peace Haven Road could be developed on the current site with as many as 124 homes.

The City Department of Transportation and the City Engineering Department have been studying the need for an extension of Kester Mill Road west across Silas Creek to connect to Peace Haven Road. Part of the need for such a connection is due to the Northern Beltway right-of-way acquisition which affects several properties including an asphalt plant. The asphalt plant currently has access to Peace Haven Road via a private access easement just south of the existing interchange. Because of the lawsuit involving the beltway, talks about a Kester Mill Road extension with the North Carolina Department of Transportation (NCDOT) have been put on hold. The City of Winston-Salem staff recommends that a collector road be built by the developer through the property which would line up with Hanover Park Drive and serve as the western end of the Kester Mill Road extension.

Because of the current traffic conditions at the Peace Haven Road/US 421 interchange and the current status of the Kester Mill Road extension (including the current proposed site plan which does not accommodate the extension), staff is of the opinion that the subject rezoning request is premature and recommends denial of the petition.
FINDINGS

1. The subject petition is for a 252-unit multifamily development on approximately 25.7 acres of land along with two single family home lots fronting on Peace Haven Road.

2. The Legacy comprehensive plan promotes higher density development where appropriate and mixed-use developments with an interconnected street and pedestrian system.

3. This petition is adjacent to the boundaries of the Country Club/Jonestown Area Plan and is consistent with the general recommendations of that plan.

4. The City of Winston-Salem staff recommends that a collector road be built by the developer through the property which would line up with Hanover Park Drive and serve as the western end of the Kester Mill Road extension. The current site plan would not accommodate/allow such an extension.

5. Because of the current traffic conditions at the Peace Haven Road/US 421 interchange and the current status of the Kester Mill Road extension, staff is of the opinion that the subject rezoning request is premature

PUBLIC HEARING

FOR:

Ed Zotian, 701 Green Valley Rd., Greensboro, NC 27408
Top range rental property.
This is a gated community where you will need a security code or a card to enter.
Land slopes away from Peace Haven Road which will act as a buffer.
Developer takes great pride in preserving trees.
All utilities are available at the site.
Traffic is a problem; the traffic light will help.
This site will only add 230 trips per day if rezoned (compared to what is allowed now).
A traffic light has been approved and will be installed by the end of this summer.
This plan promotes the goals of Legacy.

Barry Siegal, PO Box 8306, Greensboro, NC 27419
Would like to show the character of the development.
Showed photographs of the proposed club house.
Will be able to save trees by selected grading.

AGAINST:

Tim Doran, 5424 Kingsbridge Road, Winston-Salem, NC 27104
Represents significant majority of home owners.
They are pro-growth and pro-development.
They are opposed to the development of this site to benefit of one man.
Traffic on the stretch between 421 and Country Club Road is horrendous.
421 and Peace Haven Road is very dangerous intersection.
Vacancy rate is 8% for apartments (highest ever in this area).
Submitted petition with 653 signatures in opposition.
We are completely and uniformly opposed to this.
Ron Snow, 481 S. Peace Haven Rd., Winston-Salem, NC 27103
Since late 1980's the homeowners along Peace Haven have been petitioned about every five years to rezone to commercial or multi-family zoning, but the homeowners have won out.
Hearts are saying no rezoning, please keep the current RS-9 zoning as is.

John Kartanson, 441 Chadboorne Ct., Winston-Salem, NC 27104-5309
Traffic situation is bad along this one mile of Peace Haven Road.
Aldermen Northington stated that this area had been “apartmentized” to death, and we concur.
Please leave the zoning just the way it is.

Janet Nelson, 446 Brittany Ct., Winston-Salem, NC 27103
President of Hanover Park Home Owners Association.
All of one voice. Believe in the American Dream.
Asked the people in the chamber in opposition to please stand (approximately 50-60 stood in opposition to this request).

WORK SESSION

During discussion by the Planning Board, the following points were made:

1. Terry Powell stated that she had less concern about the multi-family and more concern about the traffic. It would make sense to leave the zoning as it is until we know what is going to happen to the interchange.

2. The Kester Mill Extension plans are not finalized.

MOTION: Powell moved denial of the zoning map amendment.
