ANALYSIS

This is a request to rezone 0.59 acre from RS-9 to MH. The petitioner has lost the ability to obtain a blood-relative permit on this site. There is an existing single-wide manufactured home on the site, which is not eligible for a special use permit from the Zoning Board of Adjustment. Class A double wide manufactured homes are the only type eligible for a special use permit in
the RS-9 zoning district. There are several manufactured homes nearby of varied classes. The area consists of a mixture of conventional and manufactured homes. This rezoning request is not out of character with the neighborhood.

*Legacy* calls for the provision for affordable housing in the area. *Legacy* states that manufactured housing is a way to allow for affordable housing. This request is an example of the affordable housing objective of *Legacy*. Staff supports this rezoning request.
