Section 2. This Ordinance is adopted after approval of the site plan entitled Pappas - Robinhood and identified as Attachment "A" of the Special Use District Permit issued by the
Board of Aldermen the ______ day of __________________, to P. C. Pappas Builders, Inc. for property owned by Dewey Guy Wilkerson, III, Clara Wilkerson Estate Development Company, LLC, and Jan Wilkerson.

Section 3. The Board of Aldermen hereby directs the issuance of a Special Use District Permit pursuant to the Zoning Ordinance of the *Unified Development Ordinances* for a development to be known as Pappas - Robinhood. Said Special Use District Permit and site plan with associated documents are attached hereto and incorporated herein.

Section 4. This Ordinance shall be effective from and after its adoption.
The Board of Aldermen of the City of Winston-Salem issues a Special Use District Permit for the site shown on the site plan map included in this zoning petition of P. C. Pappas Builders, Inc. for property owned by Dewey Guy Wilkerson, III, Clara Wilkerson Estate Development Company, LLC, and Jan Wilkerson, (Zoning Docket W-2369). The site shall be developed in accordance with the plan approved by the Board and bearing the inscription: "Attachment A, Special Use District Permit for RSQ-S (Residential Building, Twin Home), approved by the Winston-Salem Board of Aldermen the _____ day of _____________________, 19____" and signed, provided the property is developed in accordance with requirements of the RSQ-S zoning district of the Zoning Ordinance of the Unified Development Ordinances, the Erosion Control Ordinance, and other applicable laws, and the following additional conditions be met:

C  PRIOR TO SIGNING FINAL PLATS
   a. Developer shall construct a new sidewalk along the entire frontage of the property on Robinhood Road to the specifications of the Public Works Department of the City of Winston-Salem. When plans are submitted for approval to construct this new sidewalk, developer shall notify the City of the need to construct a short section of sidewalk to the east to Avalon Road to complete a sidewalk connection in this area of Robinhood Road.
   b. If the street remains public, any landscaped islands within the right-of-way must be approved by the Public Works Department of the City of Winston-Salem, and a homeowners association must be responsible for maintenance of these areas. If the street is to become private, the existing right-of-way must be closed by the Winston-Salem Board of Aldermen.
C OTHER REQUIREMENTS

a. Sign shall be limited to a five (5) foot monument type with a maximum copy area of eighteen (18) square feet. Said sign may be incorporated into a wall or other entrance structure but the sign shall not be more than five (5) feet in height.

CONFORMITY TO PLANS

GMP Area (Vision 2005): Area 3: Urban
Relevant Comprehensive Plan Recommendation(s): Provide residential areas that offer a variety
of housing densities, types, sizes, costs and locations to meet projected demand.
Area Plan/Development Guide: The site is not within the boundaries of a development guide or
an area plan.
ANALYSIS

The subject rezoning request would allow for twin homes to be developed around a small cul-de-
sac originally approved for single family home development. The existing RS-12 zoning allows a
density of 3.63 units per acre. The proposed twin homes will have a density of 2.98
units per acre.

The site is located on the south side of Robinhood Road between Austin Lane and Avalon Road.
A number of mature hardwood trees are on the site. The site adjoins multifamily housing on the
south and east sides and single family homes on the west side. The land across Robinhood Road
to the north is developed with a mixture of single family and attached homes.

The proposed site plan shows 14 homes in seven twin home structures. Each dwelling unit is on
an individual lot with the lot-line running along the common wall shared by the two units. The
site plan also shows shared driveways with garages in the rear which is a design concept
supported by staff.

Vision 2005 recommends providing residential areas that offer a variety of housing densities,
types, sizes, costs and locations to meet projected demand. The site is in a neighborhood which
currently has a variety of housing options and the proposed density is lower than what is allowed
under the existing zoning. Staff is of the opinion that the proposed zoning is in character with the
area and is consistent with the recommendations of Vision 2005.

FINDINGS

1. The subject rezoning request would allow for twin homes to be developed around a small
cul-de-sac originally approved for single family home development.

2. The proposed twin homes will have a density which is lower than the density allowed
under the existing zoning.

3. The site adjoins multifamily housing on the south and east sides and single family homes
on the west side.

4. The proposed site plan shows 14 homes in seven twin home structures and shared
driveways with garages in the rear.

5. Staff is of the opinion that the proposed zoning is in character with the area and is
consistent with the recommendations of Vision 2005.

STAFF RECOMMENDATION

Zoning: **APPROVAL**.
Site Plan: Staff certifies that the site plan meets all code requirements, and recommends the following conditions.

C PRIOR TO SIGNING FINAL PLATS
   a. Developer shall construct a new sidewalk along the entire frontage of the property on Robinhood Road to the specifications of the Public Works Department of the City of Winston-Salem. When plans are submitted for approval to construct this new sidewalk, developer shall notify the City of the need to construct a short section of sidewalk to the east to Avalon Road to complete a sidewalk connection in this area of Robinhood Road.
   b. If the street remains public, any landscaped islands within the right-of-way must be approved by the Public Works Department of the City of Winston-Salem, and a homeowners association must be responsible for maintenance of these areas. If the street is to become private, the existing right-of-way must be closed by the Winston-Salem Board of Aldermen.

C OTHER REQUIREMENTS
   a. Sign shall be limited to a five (5) foot monument type with a maximum copy area of eighteen (18) square feet. Said sign may be incorporated into a wall or other entrance structure but the sign shall not be more than five (5) feet in height.

[For information purposes only: The site lies within the Municipal Services Area of the Legacy Growth Management Plan, within the “urban neighborhoods” area. Compact growth characterized by infill development where possible is recommended for this Growth Management Area. Legacy also has an objective of increasing community acceptance of mix of housing at higher densities that are not incompatible with the existing neighborhood. The proposed rezoning would be consistent with these objectives of the draft Legacy comprehensive plan.]
