ANALYSIS

New Jerusalem Baptist Church has requested this rezoning of 0.95 acre on three separate tracts
currently zoned RS-9 (tracts 1 and 2) and RS-7 (tract 2) to be rezoned IP-S (Church or Religious
Institution, Community). The petitioner plans to expand the Church with a 3,750 square foot
building addition and three additional parking areas (tracts 1, 2, 3). The petitioner originally
included the 2.28-acre parcel containing the church expansion in the rezoning request for IP-S.
However, the church site was withdrawn at the Planning Board public hearing due to a building
setback conflict, and the expansion was approved through the Planning Board Review process.

However, in order to expand this building as desired, the petitioner must provide adequate
parking which is not available on the existing site of the church. Tracts 1, 2, and 3 included in
the proposed zoning cannot be used for parking under the current residential zoning without
obtaining special use permits from the Board of Aldermen. Staff recommended rezoning to IP-S
as a simpler way of fulfilling the approval requirements.

The proposed tracts (#1, 2, and 3) are currently vacant lots adjacent to residential structures.
The subject sites lie in the East Winston #4 Redevelopment Area which was approved in phases
from the mid-1970's through the mid-1980's. The plan, which is largely completed, calls for
redevelopment and rehabilitation of existing housing plus the development of some multi-family
housing and the expansion of existing churches.

If the proposed parking were taking out existing housing across the street or being placed
between existing homes, staff would have more of a concern. However, since the property is
situated between the church and nearby homes in the neighborhood, this concern is mitigated.

Rezoning of the subject site would be consistent with surrounding zoning and uses, as well as
prescribed uses as determined in the East Winston Area Plan and the East Winston

W2412 August 2000 8
Redevelopment Area Plan #4, provided the petitioner agrees to site plan conditions. Staff recommends approval.

FINDINGS

1. New Jerusalem Baptist Church has requested this rezoning of 0.95 acre currently zoned RS-7 and RS-9 (both residential single family) to be rezoned IP-S (Church or Religious Institution, Community).

2. In order to expand the church building as desired, the petitioner must provide adequate parking which is not available on the existing site.

3. The proposed tracts are currently vacant lots adjacent to residential structures.

4. Rezoning of subject sites would be consistent with surrounding zoning and uses as well as prescribed uses as determined in the area plan which calls for redevelopment and rehabilitation of existing housing plus the development of some multi-family housing and the expansion of existing churches.

5. Provided that the petitioner agrees to site plan conditions, staff recommends approval.

STAFF RECOMMENDATION

Zoning: **APPROVAL**

Site Plan: Staff certifies that the **site plan meets all code requirements**, and recommends the following conditions:

- **PRIOR TO THE ISSUANCE OF BUILDING PERMITS**
  a. Driveway permit shall be approved by the Public Works Department of the City of Winston-Salem.

  1. Property owners shall file a petition with the City Secretary=s office for the closure of the portion of 12 2 Street shown on the site plan.

- **PRIOR TO THE ISSUANCE OF OCCUPANCY PERMITS**
  a. Garbage dumpster shall be installed to the specifications of the City Sanitation Department.

- **OTHER REQUIREMENTS**
  1. No chain link fences shall be installed on tracts 1, 2, and 3.

[For information purposes only: The draft Legacy Comprehensive Plan: The petitioner's site is located in the urban neighborhoods planning area of Legacy's growth management plan. In this area, the plan calls for quality infill development, greater residential densities where appropriate, and neighborhood retail and community services. Historic preservation, rehabilitation and reuse]
of existing structures should also be encouraged in this area.]
