Petitioner(s):  G. G. & E. LLC
Ownership:  G. G. & E. LLC

REQUEST

From:  LI Limited Industrial District
To:          HB Highway Business District

Both general and special use district zoning were discussed with the applicant(s) who decided to pursue the zoning as requested.

NOTE:  This is a general use zoning petition; therefore, **ALL** uses permitted in the above requested district should be considered.

Acreage:  2.23 acres

LOCATION

Street:  Northwest side of Myer Lee Drive southwest of Old Greensboro Road.
Jurisdiction:  City of Winston-Salem.
Ward:  East.

PROPERTY SITE/IMMEDIATE AREA

Existing Structures on Site:  Single building.
Adjacent Uses:

North -    Southern Railroad lines and LI zoned land fronting Old Greensboro Road.
East -      Transmission lines run north-south immediately to the east of this site.
            Further east are an occupied office building and WXLV 45 news station, both zoned LI.
South -    Across Myer Lee Drive is a parking lot for Pepsi trucks zoned LI.
West -     Carpet distribution facility zoned HB.

GENERAL AREA

Character/Maintenance:  Business Uses.
Development Pace:  Slow.

PHYSICAL FEATURES/ENVIRONMENTAL REVIEW
Impact on Existing Features: Site is developed.
Topography: Site slopes slightly to the northeast.
Vegetation/habitat: Site is developed.
Constraints: Minor.
Is the project in a water supply watershed? Yes
Which one? Salem Lake
Compliance with Watershed Protection Regulations: The property lies within the Reservoir Protection Area of the Salem Lake Watershed (all lands within one mile of the normal pool elevation of Salem Lake). The UDO identifies prohibited uses and development option, including impervious surface coverage limits for a low density option (no stormwater management facilities; 12% increase for existing built sites) and stormwater quality management (stormwater management facilities; 24% increase for existing built sites).

Business 40 between Reidsville Road and Lowery St - 62,000/81,000
Transit: Route 25 along Old Greensboro Road
Bike Route 15 along Old Greensboro Road

HISTORY

Relevant Zoning Cases:
1. W-736; R-2 and R-6 to I-2-S (Motor Vehicles, Agricultural Implements, or Heavy Machinery, Sale, Repair, Rental or Storage); approved August 15, 1979; south side of Interstate 40 service road and west of Linville Road; 8.2 acres; Planning Board and staff recommended approval.
2. W-707; R-5 and R-6 to I-2; approved February 8, 1979; south side of Old Greensboro Road, north of Southern Railroad; 15 acres; Planning Board and staff recommended approval.

CONFORMITY TO PLANS

GMP Area (Vision 2005): Area 3: Urban
Relevant Comprehensive Plan Recommendation(s): Development of activity nodes at planned locations; separation and buffering of commercial uses from residential uses.
Area Plan/Development Guide: Salem Lake Watershed Area Plan
Relevant Development Guide Recommendation(s): The site lies within Water Quality Sensitive Area (WQSA) 2 in the plan; WQSA 2 lands drain directly into the lake, lie within 1000'
of Salem Lake, or are otherwise sensitive for water quality purposes due to topography or location. Limitations on usage are recommended (primarily new uses on vacant parcels). The plan also notes that vacant land zoned I-2 under the old zoning ordinance at the time of the area plan preparation (1985-86) should be developed with industrial controls, careful site design, and “dry” industries. Finally the plan recognizes the approximately 30 acres zoned (and mostly improved) for business around the Linville Road/Business 40 interchange as being appropriate for future business development.

ANALYSIS

G. G. & E. LLC has requested this rezoning of 2.23 acres currently zoned LI (Light Industrial) to be rezoned HB (Highway Business). The petitioner would like to have the commercial flexibility offered by HB zoning.

Surrounding the subject site are both LI and HB uses and zoning classifications. The area was originally zoned I-2. When reclassification of zoning districts took place in the UDO conversion, most I-2 zoned lands were reclassified as LI. Some properties with business uses at the time of conversion not allowed in LI were converted to business zones. Although at one time there had been uses on this property that would have qualified as HB, at the time of reclassification this was not the case and the property was reclassified as LI.

By way of information, in the UDO conversion process there were opportunities for property owners to request different reclassifications than were assigned, but no such requests were made for the subject site. Such time for appeal of the reclassification has passed, as has any grandfathering of nonconforming uses.

Rezoning of the subject site to HB would not be inconsistent with surrounding zoning and uses. Staff recommends approval.

FINDINGS

1. G. G. & E. LLC has requested this rezoning of 2.23 acres currently zoned LI (Light Industrial) to be rezoned HB (Highway Business).

2. Surrounding the subject site are both LI and HB uses and zoning classifications.

3. The area was originally zoned I-2. When conversion of zoning districts with UDO adoption took place, most lands zoned I-2 were reclassified as LI.

4. At one time there had been uses on this property that would have qualified as HB, at the time of reclassification this was not the case and the property was reclassified as LI.

5. Rezoning of the subject site to HB would not be inconsistent with surrounding zoning and uses. Staff recommends approval.

STAFF RECOMMENDATION
Zoning:  **APPROVAL.**

*[For information purposes only: The draft Legacy plan designates the area in which the project site lies as the Suburban Neighborhoods area of the Municipal Service Area. The Suburban Neighborhoods area is considered appropriate for future urban or suburban development.]*
