ANALYSIS

This site lies within the boundaries of the *Country Club/Jonestown Area Plan*. The area plan has specific recommendations relating to land uses and site design. The requirements addressing parking, access limitations, plantings, buffering, height and lighting requirements are addressed in the site plan and conditions.

Staff had some concern about the potential impact on nearby residential areas resulting from some of the proposed uses such as; motor vehicle repair and maintenance, Services Business B (with outdoor storage), or indoor recreation services. The petitioner has agreed to eliminate some of his proposed uses. A new proposed uses list is to be turned in to the City-County Planning Board.

The site is in Growth Management Plan Area 3 as shown in *Vision 2005*. The plan recommends the separation and buffering of office, commercial, and industrial uses from residential areas, and the *Country Club/Jonestown Area Plan* has specific recommendations to help insure sufficient buffering is provided.

Staff believes the revised list of uses requested in this petition are consistent with the comprehensive plan and the adopted area plan and, with the proposed site plan conditions, the site plan will also be consistent with the area plan.

FINDINGS

1. The revised uses are consistent with the comprehensive plan and the *Country Club/Jonestown Area Plan*.

2. The site plan, with the attached conditions, is consistent with the *Country Club/Jonestown Area Plan*.
