**Proposal**

The petitioner is requesting to amend the Official Zoning Maps for the subject property from LB-S (Limited Business - special use district – Services A and Services B) to LB-L (Limited Business - special use limited district). The petitioner is requesting the following uses:

- Arts and Crafts Studio; Nursery, Lawn and Garden Supply Store, Retail; Offices; Services A; Veterinary Services; Recreation Services, Indoor; Adult Daycare Center; Child Care, Drop-In; Child Care, Sick Children; Child Daycare Center; Church or Religious Institution, Community; Church or Religious Institution, Neighborhood; Government Offices, Neighborhood Organization, or Post Office; Museum or Art Gallery; and Police or Fire Station

**NOTE:** General, special use limited, and special use district zoning were discussed with the petitioner(s) who decided to pursue the rezoning as presented.

**Neighborhood Contact/Meeting**

The application indicates that the petitioners “Have talked with two neighbors with favorable response.” And that “Personal contact is being made with all surrounding property owners.”

**Zoning District Purpose Statement**

The LB District is primarily intended to accommodate moderately intense neighborhood shopping and service centers close to residential areas. The district is established to provide locations for businesses which serve nearby neighborhoods, including smaller business locations up to ten (10) acres in size in rural areas. The district is typically located near the intersection of a collector street or thoroughfare in areas which are otherwise developed with residences. Standards are designed so that this district, in some instances, may serve as a transition between residential districts and other commercial districts. This district is intended for application in GMAs (Growth Management Areas) 2 (Urban Neighborhoods), 3 (Suburban Neighborhoods), 4 (Future Growth Area) and 5 (Rural Area).
Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(R) (R)(1) - Is the proposal consistent with the purpose statement(s) of the requested zoning district(s)?

Yes, the site is located within the Suburban Neighborhoods GMA and is close to residential areas. The site also has frontage on a major thoroughfare.

Applicable Rezoning Consideration from Chapter B, Article VI, Section 6-2.1(R) (R)(2) - Is/are the use(s) permitted under the proposed classification/request compatible with uses permitted on other properties in the vicinity?

The proposed uses are compatible with the approved uses permitted on the adjacent property to the north zoned GI-S. The proposed uses are less compatible with the low-density residential uses permitted on the adjacent AG and RS20 zoned properties.

Physical Characteristics
The developed site is essentially flat and includes numerous mature oak trees.

Proximity to Water and Sewer
The site has access to public water but not to public sewer.

Stormwater/Drainage
No known issues.

Watershed and Overlay Districts
The site is located within balance area of the Oak Hollow Lake WS IV water supply watershed. For projects without a curb and gutter drainage system (as with the subject property) the maximum impervious coverage of the site is 36%.

Analysis of General Site Information
The site is located within the water supply watershed of Oak Hollow Lake. The property owner is responsible for demonstrating compliance with the impervious surface limitations to the Inspections Division.

</tbody>
</table>
**Proposed Access Point(s)**
The site is currently accessed from NC 66. The approved site plan indicates that a new driveway would be constructed onto Gibson Park Drive; however, that entrance has not been installed.

**Planned Road Improvements**
The *Comprehensive Transportation Plan* recommends a four lane cross section with a landscaped median, wide outside lanes, curb and gutter, and sidewalks for this section of NC 66.

**Trip Generation - Existing/Proposed**
Existing Zoning: LB-S  
1,920 sf/1,000 x 11.57 (Single Tenant Office Building Trip Rate) = 22 Trips per Day  

Proposed Zoning: LB-L  
1,920 sf/1,000 x 9.11 (Church Trip Rate) = 17 Trips per Day

**Sidewalks**
There are no sidewalks located in the general area.

**Analysis of Site Access and Transportation Information**
The site is a corner lot with frontage on a major thoroughfare. The approved site plan included a condition that the developer shall dedicate 40’ of right-of-way from the center line of NC 66. As per Geo Data, such a dedication never took place. Therefore, said condition is carried forward as part of this request.

  *(R)(4) - Is the requested action in conformance with Legacy?*  
  Yes |
| **Analysis of Conformity to Plans and Planning Issues** | The subject property was originally developed as a church in 1966 and was rezoned to LB-S for the uses of Services A and Services B in 1986. The *Union Cross/Southeast Forsyth County Area Plan* recognized the existing land use as commercial; however, the recommended land use is rural conservation subdivision as it is located within the Oak Hollow Lake water supply watershed and currently has no access to public sewer. An update of this Area Plan is currently underway. |
The proposed LB-L request would allow for some new uses including several institutional related uses. It would also remove some of the more intensive uses which are currently allowed under the umbrella of the Services A category. The petitioner has volunteered to limit signage and to limit parking in front of the building with the exception of two (2) handicapped spaces. The petitioner has also volunteered to further limit some of the uses permitted with the Services A and Recreation Services, Indoor uses. It should be noted that bufferyards will be required adjacent to the RS20 zoned property located to the rear of the site.
