3. F-1012; R-6 to I-2; approved October 28, 1991; LI-zoned portion of current site; 7.8 acres; Planning Board and staff recommended approval.

CONFORMITY TO PLANS

GMP Area (Vision 2005): Area 4A: Short Term Growth.
Relevant Comprehensive Plan Recommendation(s): Vision 2005 discusses the shortage of available industrial sites and calls for providing an additional 2,450 acres of prezoned and construction-ready sites by the year 2005. This site is included in the area's "Industrial Opportunity Areas" list (developed by the City of Winston-Salem and Winston-Salem Business, Inc.) as having potential for industrial development.

ANALYSIS

This petition seeks to rezone approximately 22 acres from LI and RS-9 to LI. Approximately 40% of the site is already zoned LI.

The site adjoins an existing LI zoning district and lies directly across South Main Street from a small GI zoning district. It lies less than 1000 feet east of US Highway 52, and appears to be suited for Limited Industrial development. The site is listed as a potential industrial site on the "Industrial Opportunity Areas" list prepared jointly by the City of Winston-Salem and Winston-Salem Business, Inc.
Salem Business, Inc. This designation indicates that the site, because of its access to transportation facilities and other factors, should be given careful consideration as a site for future industrial development.

Staff does not believe that approval of this petition would create any negative impacts on the surrounding area.

**FINDINGS**

1. The petition would support *Vision 2005* objectives related to attraction of new industrial businesses and generate additional economic development for Forsyth County.

2. The site is identified as an industrial opportunity area because of its location and access to transportation infrastructure.

3. The site adjoins land zoned Limited Industrial (LI) and is located across from a factory zoned GI.

4. Approval of this petition is not expected to have a negative impact on the surrounding area.

**STAFF RECOMMENDATION**

Zoning: **APPROVAL**.

*[For information purposes only: The site is located in the municipal services area of *Legacy*’s growth management plan. *Legacy* calls for more development of close-in underutilized industrial sites as an alternative to "greenfield" sites on the urban fringe.]*
