Section 2. This Ordinance is adopted after approval of the site plan entitled Heron Point, and identified as Attachment A of the Special Use District Permit issued by the Forsyth County Board of Commissioners the _____ day of __________________, 19____ to Larry L. Callahan and Edgar G. Parrish, Jr. for property owned by Edgar G. Parrish, Jr.

Section 3. The Board of Commissioners hereby directs the issuance of a Special Use District Permit pursuant to the Zoning Ordinance of the Unified Development Ordinances for a development to be known as Heron Point. Said Special Use District Permit and site plan with associated documents are attached hereto and incorporated herein.

Section 4. This Ordinance shall be effective from and after its adoption.
The Forsyth County Board of Commissioners issues a Special Use District Permit for the site shown on the site plan map included in this zoning petition of Larry L. Callahan and Edgar G. Parrish, Jr. (Zoning Docket F-1306). The site shall be developed in accordance with the plan approved by the Board and bearing the inscription: "Attachment A, Special Use District Permit for RS-40-S (Residential Building, Single Family), approved by the Forsyth County Board of Commissioners the _____ day of ________________, 19 ____" and signed, provided the property is developed in accordance with requirements of the RS-40-S zoning district of the Zoning Ordinance of the Unified Development Ordinances of the County Code, the Erosion Control Ordinance, and other applicable laws, and the following conditions be met:

C PRIOR TO THE ISSUANCE OF BUILDING PERMITS

ANALYSIS

The subject site is lake frontage property on Belews Lake. The site has road frontage on Reidsville Road/US 158; however, the site plan proposes access only through the adjacent Marion Pointe Subdivision which serves to minimize the number of entrances on the highway.

Although the property is zoned AG, the proposed lotting pattern is consistent with the adjoining subdivision and the proposed RS-40-S zoning is consistent with other RS-40 zoning to the east and west of the site. Because of the lake frontage and the adjacent lakefront subdivision, the site is not agricultural in character. With the only road frontage being on a busy highway, it would be difficult to bring agricultural implements to and from the site.

Staff is sensitive to the need to preserve AG zoning where appropriate to preserve viable farmland as well as rural open space. Because there are drawbacks to using the subject property for agriculture and because the proposed zoning is consistent with the adjoining lotting pattern and other RS-40 zoning in the immediate area, staff supports the RS-40-S zoning.

FINDINGS

1. The subject site is lake frontage property on Belews Lake.

2. The site plan proposes access only through the adjacent Marion Pointe Subdivision which serves to minimize the number of entrances on Reidsville Road/US 158.

3. Although the property is zoned AG, the proposed lotting pattern is consistent with the adjoining subdivision and the proposed RS-40-S zoning is consistent with other RS-40 zoning to the east and west of the site.

4. Staff is sensitive to the need to preserve AG zoning where appropriate to preserve viable farmland as well as rural open space.

5. Because there are drawbacks to using the subject property for agriculture and because the proposed zoning is consistent with the adjoining lotting pattern and other RS-40 zoning in the immediate area, staff supports the RS-40-S zoning.

STAFF RECOMMENDATION

Zoning: APPROVAL.

Staff certifies that the site plan meets all code requirements, and recommends the following conditions:

C PRIOR TO THE ISSUANCE OF BUILDING PERMITS

a. All lots along Reidsville Road/NC 158 must have a negative access easement shown on the final plats.
For information purposes only: The draft Legacy plan identifies the site as being located in the Rural Area on Legacy's Growth Management Map. The draft Legacy plan proposes to preserve farmland, open space and rural character in designated Rural Areas by limiting the provision of sewers, new roads and other public investments there and by promoting open space subdivision design and Forsyth County's farmland preservation program.
