Schedule includes 8 hours of overtime pay

JOB DESCRIPTION

Public safety communications operators are responsible for processing emergency and non-emergency requests for service of police, fire or medical units and dispatching police and fire units. Work entails operating and monitoring radios, recording devices, paging and alarm systems; receiving and transmitting messages by radio using a computer-aided dispatch system; receiving and processing citizen requests for police and fire personnel on an enhanced-911 telephone system; using Division of Criminal Information and in-house computer systems, and performing related work as required.

PUBLIC SAFETY COMMUNICATIONS CENTER

The Winston-Salem public safety 911 communications center serves a city of 240,000 in the Piedmont Triad of North Carolina. The center dispatches calls for service to the Winston-Salem Police Department (540 sworn officers) and Winston-Salem Fire Department (19 fire engines, five ladder trucks and two rescue trucks). Firefighters are also dispatched to medical emergency calls. During 2015 the center dispatched 240,860 police calls and 23,360 fire calls.
